ODK Members,

As a member of the University at Albany circle of the Omicron Delta Kappa National Leadership Honor Society, you are fortunate to be surrounded by a diverse group of campus leaders. Our membership consists of over 43 staff members from different offices on campus, 20 faculty members from varying academic departments, and over 40 student leaders, each with demonstrated leadership excellence and achievement.

Leaders continually grow and challenge their abilities, utilizing the resources, knowledge, and experiences of those around them to further develop their leadership skills. ODK would like to offer an opportunity for interested students, faculty, and staff to engage in a mentorship program that would facilitate ongoing professional development, networking, and connectivity among members.

The goals of this program are to:
- Facilitate opportunities for professional development and personal growth
- Build lasting relationships among faculty, staff, and student members of ODK

Below is a description of general responsibilities for mentors and mentees. These are not meant to be restrictions, but rather guidelines for developing the mentor/mentee relationship. Specific expectations can be outlined between mentors and mentees as the relationship develops.

*Mentors should be willing to dedicate time to share their knowledge, professional experiences, and insights with mentees.*

*Mentees should be dedicated to the mentorship program, committed to developing their skills, and eager to gain more information from their mentor.*

If you are interested in participating in the mentorship program, please e-mail the information on the reverse side to odk@albany.edu or return to University Hall 206.

Thank you for your interest in the ODK Mentorship Program, and we look forward to helping each of you create lasting relationship in our circle.

Sincerely,

Whitney Brown
2012-2013 Circle President
Omicron Delta Kappa Mentorship Program Interest Form
University at Albany Circle
2012-2013

Name: __________________________ Status (student, faculty, staff): ___________
