Name:

1. Choose THREE of the seven titles listed and look for their cards in the Card Catalogue. Write their call numbers on the line.

   **Example:** Greek Myths and Christian Mystery by Hugo Rahner 291

The Mysterious Maya by George E. Stuart ____________________________

The Mysterious Island by Jules Verne _______________________________

Mysterious Places by Daniel Cohen ________________________________

Moving Finger by Agatha Christie _____________________________

Fell Back by M.E. Kerr _______________________________________

The Mystery of Being by Gabriel Marcel __________________________

The Mystery of Christmas by Aloysius Croft _______________________

2. Using the Dewey Decimal System webpage, write the subject for these numbers:

   **Example:** 228: Revelation (Apocalypse)

753: _________________________________________________________

135: _________________________________________________________

364: _________________________________________________________

   **Example:** Waterford Public Library (searched through the Saratoga County link). This branch did not have the book.

   a. What is your local library branch? (If you did not know, which branch did you chose to search in?)

   b. All of the local library systems carry this book. Did your local branch have the book?

   c. If your branch did have the book, was it checked in or was it checked out?

4. Write a one sentence definition of No Man’s Land.

5. Having read about each book, which book do you think should have won the 2003 Michael L. Printz Award and why? Give at least 2 sentences of explanation.
