Residential Life Staff

Welcome to the Department of Residential Life!
Our goal is to provide you with an environment that supports your academic success. Your residence is a place for you to make new friends, participate in fun and informative programs and to take advantage of all the resources available to you as a student.

Residential Housing Staff: Who’s Who?

**Resident Directors (RDs)**
Each residence hall is supervised by a full-time, live-in professional Resident Director who will serve as a mentor to you.

**Resident Assistants (RAs)**
RAs are undergraduate students who will assist you in your transition to the campus community. These fellow students receive extensive training in basic helping skills, crisis intervention, intercultural relations, and conflict resolution. Your RA will sponsor educational and social events and help facilitate a community of scholars.
