  - To Be Based on Admissions MAU Model
  - Based on “Seven Big Ideas”

A Framework for the Course—Connecting to other Core Courses

The MAU Admissions Model and the Seven Big Ideas

1. Global Assumptions
2. Specific Assumptions
3. Parameters and Data
4. Model Validity
5. Sensitivity Analysis
6. Implementation
7. Utility or Usefulness

Course evaluation

Assignment
1. All assignments are due by tonight.
2. All remaining work will come back to you with the final and final grade in MILNE 103 mail files before Christmas (I hope). I plan to comment lightly on papers handed back at the end of the semester, but offer you an opportunity to seek additional comments by returning the paper to me for additional comments.
3. Come to the Holiday Event: Monday, December 15 at 1:00 PM.
