Course evaluation is done online through MyUAlbany. (Please login into your MyUAlbany account and click on the “Evaluate Courses” link.)

You can do the evaluation until Dec. 10, 2015.

Course evaluation is voluntary. However, the Computer Science Department requests you to do this.

Your responses will be completely anonymous.

Ravi won’t receive any information about the evaluations until December 24, 2015. (This is after the deadline for submitting grades.)
