

UNIVERSITY AT ALBANY

State University of New York

As a University at Albany student planning to participate in an internship either to earn academic credit and/or to fulfill academic requirements for my program of study:

- I understand that I am choosing to fulfill my internship requirement through an in-person internship and accept the associated risk.
- I agree to comply with all safety regulations at my internship site including guidance set forth by the Department of Health, which may include wearing Personal Protective Equipment (PPE/masks) at the internship site.
- I understand that if I violate the safety policies at my internship site I may be dismissed from the site and/or my program and be subject to a conduct code violation.
- I have been informed that I may choose to complete the applied portion of my program curriculum at a later date and/or offered alternative remote project/instruction options which would allow me to fulfill my program requirements.
- I understand that if I choose not to complete an in-person internship at this time, or I become uncomfortable at the internship site, that I can notify the college and alternative arrangements will be made.
