

# Financial Aid Comparison Worksheet

The University at Albany offers this worksheet to help you compare costs, financial aid offers, and calculate out-of-pocket costs. Financial aid offers may vary from school to school. It is recommended that you review offers carefully and understand the terms of the offers. Options to fund your total

estimated out-of-pocket expenses include; current family income and savings, college payment plans, Federal Direct Parent PLUS and/or alternative student loans. It is important to plan for other indirect educational expenses such as books, supplies, personal and travel, which are not billable charges.
