

# Science, Technology, Engineering and Math (STEM) 36-Month Work Permit

## STEM 36-month Work Permit

University at Albany STEM students are eligible to apply for up to 36 months of Optional Practical Training (OPT) work permits in the following fields:

- Actuarial and Mathematical Sciences
- Applied Atmospheric Science\*
- Applied Chemistry\*
- Atmospheric Science
- Behavioral Neuroscience\*
- Biochemistry and Molecular Biology
- Biodiversity, Conservation and Policy\*
- Biology
- Biomedical Science\*
- Biostatistics\*
- Business Analytics\*
- Business Economics
- Chemistry
- Climate Science
- Cognitive Psychology\*
- Computational Physics\*
- Computer Science
- Curriculum Development and Instructional Technology\*
- Cybersecurity
- Cybersecurity and Risk\*
- Data Science\*
- Demography\*
- Digital Forensics
- Digital Forensics and Cybersecurity\*
- Economic Forecasting\*
- Economics
- Educational Research\*
- Electrical and Computer Engineering
- Environmental and Sustainable Engineering
- Environmental Health Sciences\*
- Epidemiology\*
- Financial Market Regulation
- Forensic Science Investigation and Management\*
- Game Design and Development
- Geographic Information Science\*
- Geospatial Artificial Intelligence and Big Data Analytics\*
- Human Biology
- Industrial and Organizational Psychology\*
- Informatics
- Information Science\*
- Information Security\*
- Machine Learning\*
- Mathematics
- Nanobioscience\*
- Nanoscale Engineering
- Nanoscale Science
- Physics
- Professional Science Management - Forensic Science Investigation and Management\*
- Quantitative Economics and Data Analytics
- Semiconductor Manufacturing\*
- Semiconductor Meteorology\*
- Semiconductor Patterning and Processing\*
- Social and Personality Psychology\*
- Strategic Game Design and Applied Development\*
- Topological Data Analysis\*

*\*Graduate Program Only*
