Preserving Memories: Brain Health

Preserving memories and protecting our brain is something that all of us can do. We’ll talk about the risk factors and protective factors that impact your memory and brain. Caring for the most important part of the human body contributes to living healthy, aging well and can improve your quality of life. If you know someone who may have memory loss, tips and strategies will also be provided to help create meaningful interactions.

Presenter: Mary Moller MSW, CAS, Program Specialist from the Center of Excellence for Alzheimer’s Disease (CEAD) at the Alzheimer’s Center at Albany Medical Center
