Please be aware that students must attend ALL sessions of a practicum. If you are planning a vacation, please consider taking your practicum course in the fall.

Remember, a three credit course in the 6-week summer session has the equivalent amount of readings, meeting times, and assignments as the regular semester 15-week courses. We do not reduce the course content for summer session offerings. Therefore, six credits during main 6-week summer sessions is the equivalent to over 12 credits in a regular semester (full-time study). The department allows you to take only 2 courses during one summer session.
