INTERNATIONAL EDUCATION MANAGEMENT & LEADERSHIP

Fully Online

✦ Master of Arts
✦ Certificate of Graduate Studies

OVERVIEW
Designed for early- and mid-career international education professionals who are working full-time, these fully online programs are designed to provide concise, in-depth and coherent understanding of cutting edge issues and recent developments in international education management and leadership. Our asynchronous curriculum allows students to participate when convenient, but provides a highly interactive student environment, including continuing opportunities to interact with fellow students and faculty.

A PRACTICAL CURRICULUM
Through coursework students will acquire foundational knowledge of all aspects of international education, ranging from administration, finance and budgeting, to student services, curricular internationalization, international partnerships, risk and crisis management, program development, use of technology, and more.

OUR FACULTY
Students learn from renowned, visionary and multi-disciplinary practitioners, researchers, policy analysts and scholars. All faculty members have doctorates and collectively provide a valuable mix of experience at all levels of institutional operations.
