

PROJECT WORK ALERT NOTIFICATION

June 4, 2021

UPTOWN CAMPUS

Academic Podium and Life Science Research Building

1.6 MW Solar PV Power System

Project / Work Order #: P-0873

ESTIMATED START: 6/7/2021 12:00 AM
ESTIMATED END: 7/31/2021 12:00 AM

Project Description / Scope:

This project is part of the University at Albany Energy Master Plan. The project is to install a 1.6MW Solar power system with photovoltaic panels installed across much of the Podium roof and the LSRB roof. Those panels will be connected to a transformer located in the courtyard between Biology and the LSRB which will supply the generated electricity into the campus electrical grid.

This alert is notice that the portion of the work to install electrical duct banks and a transformer pad in the courtyard between Biology and the LSRB will begin the week of 6/7/21. The work involves excavation and concrete work and there will be material deliveries and removals from the area. Access to the courtyard area will be limited during portions of the work.

POTENTIAL IMPACT ON SURROUNDING AREAS: (please check all that apply)
