CDTA BRT Gardenway – Reconstruction of Alumni Drive and Campus Enhancements

Project / Work Order #: 1275 / 21-15873

ESTIMATED START: 10/18/2021 7:00 AM
ESTIMATED END: 5/5/2023 7:00 AM

Project Description / Scope:
As part of a larger Bus Rapid Transit (BRT) project that is federally funded, the Capital District Transportation Authority (CDTA) is managing the creation of a Gardenway, which will renovate all portions of Alumni Drive over the next 1.5 years to improve bus service between the uptown and downtown campuses. The project extends from the new connector road at Boor Studio and University Drive westward to Fuller Road and will include new roadways, sidewalks, lighting, trees and other site amenities. This project includes multiple phases with the first portion of work to be completed near Grounds and University Police Department. Temporary Road closures may occur periodically in this area and future phases. The contractor plans to begin with some tree removal on October 18, 2021. Please see the plan attached. Additional work will continue as weather permits and coordinated in conjunction with scheduled university activities.
