

# PROJECT WORK ALERT NOTIFICATION

August 23, 2018

UPTOWN CAMPUS

## All Uptown Campus Buildings

### Uptown Campus Primary Water Main Shutdown – 8/25/18

Project / Work Order #: OGS 45470-C Water Main Extension

ESTIMATED START: 8/25/2018 12:00 AM

ESTIMATED END: 8/25/2018 4:00 AM

#### Project Description / Scope:

A shutdown of the Uptown Campus primary water main is scheduled for **Saturday August 25<sup>th</sup>** starting at **12 AM (midnight) to 4 AM.**

The NYS Office of General Services (OGS) is replacing/upgrading a water main on the Harriman Campus. This work requires a shutdown of the Uptown Campus primary water main on Saturday August 25<sup>th</sup> to permit cut-ins and reconnections to the new water main. During this shutdown the Uptown Campus will be supplied by the back-up water service with the use of a temporary pump to boost water pressure to the campus. As a result, a minimal impact on the Uptown Campus is anticipated, with the possible exception of slightly lower than normal water pressures. There is also a chance that some sediment in the back-up water service could be released into the Campus water distribution system. This sediment is not harmful and if encountered users should run the faucet until it passes/clears.

However the following buildings will experience additional impacts:

1. Boor Sculpture Studio – will have no water for the duration of the shutdown
2. Liberty Terrace Apartments - will experience reduced water pressures as one of its two supply lines will be shut down.

#### POTENTIAL IMPACT ON SURROUNDING AREAS: (please check all that apply)
