

PROJECT WORK ALERT NOTIFICATION

July 30, 2019

UPTOWN CAMPUS

All Buildings on the Uptown Campus

Uptown Campus Primary Water Main Shutdown – 8/3/19

Project / Work Order #: 20-02218

ESTIMATED START: **8/3/2019 5:00 AM**
ESTIMATED END: **8/3/2019 12:00 PM**

Project Description / Scope:

A shutdown of the Uptown Campus primary water main is scheduled for Saturday, August 3, 2019.

The NYS Office of General Services (OGS) is replacing/upgrading a water main on the Harriman Campus. This work requires a shutdown of the Uptown Campus primary water main on Saturday, August 3rd to permit cut-ins and reconnections to the new water main. During this shutdown the Uptown Campus will be supplied by the back-up water service with the use of a temporary pump to boost water pressure to the campus. As a result, a minimal impact on the Uptown Campus is anticipated, with the possible exception of slightly lower than normal water pressures. There is also a chance that some sediment in the back-up water service could be released into the Campus water distribution system. This sediment is not harmful and if encountered, users should run the faucet until it passes/clears.

However the following buildings will experience additional impacts:

- 1 Boor Sculpture Studio – will have no water for the duration of the shutdown and will be closed
- 2 Liberty Terrace Apartments – will experience reduced water pressures as one of its two supply lines will be shut down..

POTENTIAL IMPACT ON SURROUNDING AREAS: (please check all that apply)
