UPTOWN CAMPUS

All Uptown Campus Buildings

Uptown Campus Primary Water Main Shutdown – RESCHEDULED to 8/4/18

Project / Work Order #: OGS 45470-C Water Main Extension

ESTIMATED START: 8/4/2018 5:50 AM

ESTIMATED END: 8/4/2018 8:00 PM

Project Description / Scope:

The Uptown Campus primary water main shutdown previously scheduled for this Saturday July 28th has now been **rescheduled for Saturday August 4th** due to weather and other work related delays.

The NYS Office of General Services (OGS) is replacing/upgrading a water main on the Harriman Campus. This work requires a shutdown of the Uptown Campus primary water main on Saturday August 4th to permit cut-ins and reconnections to the new water main. During this shutdown, the Uptown Campus will be supplied by the back-up water service with the use of a temporary pump to boost water pressure to the campus. As a result, minimal impact on the Uptown Campus is anticipated with the possible exception of slightly lower than normal water pressures.

However, the following buildings will experience additional impacts:

1. Boor Sculpture Studio – will have no water for the duration of the shutdown
2. Liberty Terrace Apartments - will experience reduced water pressures as one of its two supply lines will be shutdown.

POTENTIAL IMPACT ON SURROUNDING AREAS: (please check all that apply)
