UPTOWN CAMPUS
Physics Bldg
Dr Petruccelli Lab Move
Project / Work Order #: P-0997 Work order #22-19429

ESTIMATED START: 1/11/2022 8:30 AM
ESTIMATED END: 1/11/2022 5:00 PM

Project Description / Scope:
Arnoff Moving, Storage & Rigging will be addressing a complex rigging project from the 1st floor of Physics to the basement level of Physics. This project includes the relocation of 3 x large, heavy (1,000 lb plus) lab room stability tables. These table will be jacked up, cribbed, and turned on their sides in their origin lab rooms. They will then be pushed across the grounds of the Academic Quad/Deck to the northeast corner of the Earth Sciences Building for loading to a truck. They will then be driven to the south east basement level entrance of Physics for unloading. During this relocation, we will be pushing large, heavy specialized equipment down the internal service tunnels via entry ways near the Life Sciences.

The moving company anticipates deploying a two-truck, 6 man rigging team for this relocation.

POTENTIAL IMPACT ON SURROUNDING AREAS: (please check all that apply)
☐ Change in access/egress
☐ Dust
☒ Noise
☐ Ventilation
☐ Heating/Cooling
☐ Odor
☐ Traffic
☐ Water/Sewer
☐ Parking
☐ Other:
☐ Hot Water
☐ Rest Rooms
☒ Elevator
☐ Fire Alarm(s)
