### Project Description / Scope:

The overall project represents the first phase of the Uptown Campus Exterior Door Replacement project and will address the replacement of the main building entry doors at seven locations – Social Sciences (SS), Humanities (HU), Education (ED), **Physics (PH)**, Chemistry (CH), Biology (BI) and the Performing Arts Center (PAC). Work includes new handicap accessible doors and hardware, power openers and other cosmetic enhancements to the lobby vestibule spaces.

**The contractor will continue with the Entry Door Replacement Work at Physics – West (Work Zone 08) beginning on or about Monday, November 06.** Physics - East (WZ 09) currently has new accessible entrances / exits.

**Work includes erecting construction fences, installing temporary partition walls, concrete demo/removals, structural lintel installation, electrical work and installation of new entry doors. Demolition work will be noisy but is scheduled for 12am (midnight) to 8am during workdays in order to minimize disruption to building occupants.**

**The entrance noted above will be closed to pedestrian traffic. The East entrance to the building at the podium level is open for use. Plan to use that entry/exit point or an alternate means through the basement level. Additional notices will be released as necessary.**
