Project / Work Order #: 01A87 & 01A47

ESTIMATED START: 10/16/2014 9:00 AM

Project Description / Scope:

Fire hydrant flow testing will be conducted on 2 hydrants near Life Sciences, 1 hydrant near Indian Quad and 1 hydrant near Building 25. Due to testing, there is a possibility that sediment in campus water mains could be disturbed resulting in a slight discoloration of water at water fixtures near the testing sites. This discoloration is harmless and it is suggested that users run the water at the fixture until it is clear again.
