CLASSROOMS/LECTURE HALLS				
1001	Classrooms	A room used for all classes which do not require special purpose equipment for student use.	Included in this category are rooms generally referred to as lecture rooms, lecture-demonstration rooms, seminar rooms, and general purpose classrooms. A Classroom may be equipped with tablet arm chairs (fixed to the floor, joined together in groups, or flexible in arrangement), tables and chairs (as in a seminar room), or similar types of seating. A Classroom may be furnished with special equipment appropriate to a specific area of study if this equipment does not render the room unsuitable for use by classes in other areas of study.	<p>This category does not include conference rooms, auditoriums, or class laboratories.</p> <p>Conference Rooms are distinguished from seminar rooms on the basis of primary use; a room with tables and chairs which is used primarily for meetings (as opposed to classes) is a Faculty Administrative Conference Room.</p> <p>Auditoriums are distinguished from lecture rooms on the basis of primary use; a large room with seating oriented toward some focal point which is used for dramatic or musical productions, or for general meetings is an auditorium facility (i.e., an auditorium normally used for other than scheduled classes).</p> <p>Class Laboratories are distinguished from classrooms on the basis of equipment in the room and by its limited use; a room with specialized equipment such as laboratory benches, typewriters, desk calculators, drafting tables, musical equipment, instructional shop equipment, etc. which is used for instructional purposes is a Class Laboratory.</p>
1050	Classroom Service	A room which directly serves a Classroom as an extension of the activities of the classroom.	Included in this category are storage rooms, locker and shower rooms, closets, coat rooms, shops, dark rooms, dressing rooms, drying rooms, laundry rooms, observation rooms, preparation rooms, study rooms, work rooms, and preview rooms if they serve a classroom.	This category does not include coat rooms, preparation rooms, closets, and storage rooms if such rooms serve laboratories, conference rooms, assembly facilities, etc.
1100	Lecture Halls	A room used for all classes which do not require special-purpose equipment for student use.	Included in this category are rooms generally referred to lecture rooms and lecture-demonstration rooms. A lecture hall may be equipped with tablet arm chairs (fixed to the floor, joined together in groups, or flexible in arrangement), tables and chairs (as in a seminar room), or similar types of seating. A lecture hall may be furnished with special equipment appropriate to a specific area of study if this equipment does not render the room unsuitable for use by classes in other areas of study.	<p>This category does not include conference rooms, auditoriums, or class laboratories.</p> <p>CONFERENCE ROOMS- are distinguished from seminar rooms on the basis of primary use: a room with tables and chairs which is used primarily for meetings (as opposed to classes) is a Faculty Administrative Conference Room.</p> <p>AUDITORIUMS- are distinguished from lecture rooms on the basis of primary use; a large room with seating oriented toward some focal point which is used for dramatic or musical productions, or for general meetings is an auditorium facility (i.e., an auditorium normally used for other than scheduled classes).</p>
1250	Lecture Hall Service	A room which directly serves a Lecture Hall as an extension of the activities of the Lecture Hall.	Included in this category are projection rooms and booths, storage rooms, coat rooms, dark rooms, equipment rooms, film viewing rooms, preparations rooms, print rooms, and control rooms, if they serve a Lecture Hall.	This category doesn't include projection rooms, coat rooms, preparation rooms, storage rooms, etc., if such rooms serve laboratories, conference rooms, assembly facilities, etc. A projection booth in an auditorium is classified as Assembly Facilities Service.

LABORATORY FACILITIES				
1300	Class Laboratories	A room primarily used by regularly scheduled classes which require special-purpose equipment or treatment for student participation, experimentation, observation, or practice in a field of study.	A Class Laboratory is designed and/or furnished with specialized equipment to serve the needs of a particular area of study for group instruction in regularly scheduled classes. The design and/or equipment in such a room normally precludes its use for other areas of study. Included in this category are rooms generally referred to as teaching laboratories, instructional shops, typing laboratories, drafting rooms, band rooms, (group) music practice rooms, language laboratories, (group) studios, and similar specially designed and/or equipped rooms IF they are used primarily for group instruction in regularly scheduled classes.	This category does not include laboratory rooms which serve as individual (or independent) study room. It does not include laboratories used for group instruction which are informally or irregularly scheduled. This category does not include rooms generally referred to as research laboratories. It does not include gymnasiums, pools, drill halls, laboratory schools, teaching clinics, demonstration houses, and similar facilities which are included under facility types.
1301	Special Class Laboratory		<p>A room used primarily by informally (or irregularly) scheduled classes which require special-purpose equipment for student participation, experimentation, observation, or practice in a field of study. Although it may not show up on the Schedule of Classes, it always will show up in the Space Projection. It may be directly or remotely associated with a class laboratory.</p> <p>A Special Class Laboratory is designed and/or furnished with specialized equipment to serve the needs of a particular area of study for group instruction in informally (or irregularly) scheduled classes. The design and/or equipment in such a room normally precludes its use for other areas of study. Special Class Laboratories typically (but not necessarily) include group music practice rooms, group music studios, astronomy stations, planetariums, etc.</p>	<p>This category does NOT include Class Laboratories, individual study rooms, nor research laboratories. It does NOT include gymnasiums, pools, drill halls, laboratory schools, teaching clinics, demonstration houses, and similar facilities that are included under other space types.</p> <p>NOTE: The criteria for differentiating between Special Class Laboratories and Class Laboratories is the irregular or informal nature of the scheduling.</p>
1302	Individual Study Lab (Prac)		<p>A room used for individual student experimentation, observation or practice in a-particular field of study but not under the direct supervision of an instructor. Its use is mandatory as part of the course or curriculum being followed. It is assigned for short periods of time and is not dedicated to the use of only one person.</p> <p>Included in this category are music practice rooms or Individual Study Laboratories that do not have programmed Instruction, equipment or material for use by students. Stations may be grouped, i.e., they may be in a room which has been designated as individual stations where students will do an experiment without the use of programmed instruction material; or they may be individualized, as in music practice rooms.</p>	This category does not include Auto-Tutorial Labs (wet) 1303, Auto-Tutorial Labs (dry) 1304, or Remote Instructional Labs 1305.

PHYSICAL SPACE INVENTORY - SPACE TYPE DEFINITIONS

Code	Name	Definition	Description	Limitations
1303	Auto-Tutorial Lab (Wet)		<p>A room used by students for instruction in a particular field requiring special equipment or treatment by the use of programmed instruction-via audio or visual media and requiring supervision and set-up time by laboratory technicians or an instructor familiar with course material. The use of the room by the student is mandatory as part of his course or curriculum but is scheduled on an individual basis.</p> <p>A room containing individual stations requiring set-up times by laboratory technicians and requiring other utilities than those used for the transmission of instructional material (audio/visual). The stations are usually grouped in one room. Examples are Science, Auto-Tutorial Laboratories requiring utilities in order to carry out experiments.</p>	This category does not include Individual Study Laboratories 1302 Auto-Tutorial Labs (Dry) 1304, or Remote Instruction Laboratories 1305.
1304	Auto-Tutorial Lab (Dry)		<p>a. A room containing individual stations used for instruction of course material through the media or audio/visual materials.</p> <p>b. A room containing one or more computer terminals.</p> <p>These rooms are used as part of the course material or curriculum being followed. They may be regularly scheduled and used as class instruction or be scheduled on an individual basis.</p> <p>Included in this category are language laboratories, music, listening laboratories, speech laboratories, and computer terminal rooms. Audio-visual stations are usually grouped with monitoring by a technician in a control room who is not responsible for understanding the course material.</p>	This category does not include Individual Study Laboratories (Practice), Auto-Tutorial Laboratories (Wet), or Remote Instruction Laboratories.
1305	Remote Instruction Laboratory	A room used for group instruction specifically set aside with audio or visual media. This room is meant for the reception of television instruction, either through closed circuit or network reception. The use of the room is mandatory as part of	<p>classroom or curriculum material.</p> <p>DESCRIPTION: Included in this category are television instruction rooms.</p>	This category does not include rooms which may have television reception used only intermittently to augment regular classroom instruction; nor does it include lecture halls serving the same purpose. It also does not include Auto-Tutorial Labs (Dry), or Individual Study Labs.
1306	Individual Project Lab/Studio	A room used by students to complete individual projects assigned as part of a course of instruction. The use of the room by the student is mandatory as part of his course or curriculum. It is scheduled for indefinite periods of time and is not dedicated	<p>to the use of one person.</p> <p>DESCRIPTION: These rooms are designed and/or furnished with specialized equipment which normally precludes their use for other areas of study.</p>	This category does NOT include Individual Study Labs (Prac), Auto-Tutorial Labs (Wet), Auto-Tutorial Labs (Dry), Remote Instruction Labs, or Research Lab.
1312	Auto-Tutorial Lab (Dry) Service	A room that directly serves one or more Auto-Tutorial Labs	Included in this category are equipment storage rooms, stock rooms, and similar rooms which serve Auto-Tutorial Labs	This category does not include rooms which serve class laboratories, special class laboratories, or research facilities.

		(Dry) as a direct extension of the activities in those rooms.	(Dry).	
1314	Auto-Tutorial Lab (Wet) Service	A room that directly serves one or more Auto-Tutorial Labs (Wet) as an extension of the activities in those rooms.	Included in this category are equipment storage rooms, stock rooms, and similar rooms which serve Auto- Tutorial Labs (Wet), except animal rooms and greenhouses.	This category does not include rooms that serve class laboratories, special class laboratories, or research facilities. Rooms that provide housing for laboratory animals are classified as animal quarters. Greenhouses are separately categorized.
1315	Remote Instruction Lab Service	A room that directly serves one or more Remote Instruction Labs as an extension of the activities in those rooms.	Included in this category are equipment storage rooms, stock rooms, and similar rooms which serve Remote Instruction Labs.	This category does not include rooms which serve class laboratories, special class laboratories, research facilities, or other types of individual study laboratories.
1316	Indiv. Proj. Lab/Studio Service	A room that directly serves one or more Individual Project Lab/Studios as a direct extension of the activities in those rooms.	Included in this category are equipment storage rooms, stock rooms, and similar rooms which serve Individual Project Lab/Studios.	This category does not include rooms which serve class laboratories, special class laboratories, research facilities, or other types of individual study laboratories.
1350	Class Laboratory Service	A room which directly serves a Class Laboratory as an extension of the activities of the Class Laboratory.	Included in this category are balance rooms., closets, coat rooms, cold rooms, control rooms, cooling rooms, counting rooms, damp rooms, dark rooms, dressing rooms, drying and mounting rooms, glazing rooms, interview rooms, locker and shower rooms, preparation rooms, shops, stock rooms, storage rooms, work rooms, and Vivariums, and similar facilities which directly serve a Class Laboratory.	This category does NOT include balance rooms, cold rooms, stock rooms, dark rooms, animal rooms, greenhouses, etc. which directly serve research laboratories or service departments as a whole. These latter should be coded Special Service Facilities, Greenhouses, Animal Rooms, or as appropriate.
1351	Special Class Lab Service	A room which directly serves a Special Class Laboratory as an extension of the activities in such a facility.	Included in this category are rooms which serve Special Class Laboratories such as closets, generator rooms, preparation rooms, work rooms, storage rooms, observation rooms, testing rooms, and shops.	This category does NOT include rooms which serve class laboratories, individual study laboratories, research laboratories, or whole departments.
1352	General Storage	A room dedicated to one department for storage remote from any particular facility.	Designed for General or Specific Storage of equipment, including volatile storage, chemical storage, general storage, equipment storage, etc.	Specifically designed to accomplish the task
1353	Special Services	Central Facilities dedicated to departmental or divisional service for supplying needed components of a particular nature or for special equipment used by students or faculty in the pursuit of the answer to a problem.	Central Facilities dedicated to departmental or divisional service for supplying needed components of a particular nature or for special equipment used by students or faculty in the pursuit of the answer to a problem.	
1354	Indiv. Study Lab (Prac) Service	A room that directly serves on or more individual study laboratories (practice) as an extension of the activities in those rooms.	Included in this category are equipment storage rooms, stock rooms, and similar rooms which serve an individual study laboratory facility, except animal rooms and greenhouses.	This category does not include rooms that serve class laboratories, special class laboratories, or research facilities. Rooms that provide housing for laboratory animals are classified as animal quarters. Greenhouses are separately categorized.

SPECIAL USE FACILITIES				
1500	Engr. Or Tech. Field Serv. Fac	A barn or similar structure for animal shelter or the handling, storage, and /or protection of farm products, supplies, or tools, and for field experiments.	Field Service Facilities include barns, animal, shelters, sheds, silos, feed units, hay stroage, and seedhouses. Greenhouses related to farm operations should be coded 1510 and assigned the Function "01". Structures are typically of light frame construction with unfinished interiors usually related to agricultural field operations, and are frequently located outside the central campus area.	Location of a building is not sufficient justification for classification as a Field Service Facility. Finished rooms such as endocrine research laboratories, dairy research laboratories, etc., should be classified as research laboratories. Facilities used to house laboratory animals should be classified as Animal Quarters. (Space Type 1570)
1501	Clinic Facility (Non-Med)	A room used for the diagnoses and/or treatment of patients in a program other than medicine (human or veterinary), dentistry, and student health care.	Included in this category are rooms generally referred to as patient examination rooms, testing rooms, consultation room. Clinics are typically associated with such educational areas as psychology, speech and hearing, remedial reading, and remedial writing. Also included are observation rooms, audio-testing rooms, therapy rooms, testing and scoring rooms, viewing rooms, and vision rooms.	This category does NOT include clinics associated with student health care. It does NOT include clinics for the medical or dental treatment of humans or animals.
1510	Greenhouse	A building or room, usually composed chiefly of glass or other light transmitting material, for the cultivation and/or protection of plants.	Includes rooms generally referred to as greenhouses.	
1515	Greenhouse Service	A room that directly services a greenhouse facility as an extension of the activities in that facility.	Includes rooms generally referred to as headhouses.	
1551	Clinic Fac (Non-Med) Service	A room which directly serves a Clinic as an extension of the activities in a Clinic.	Description: Included in this category are waiting rooms, control rooms, records rooms, work rooms, Parent rooms, recording booths, and similar supporting rooms.	This category does NOT include rooms which serve Medical Care Facilities.
1570	Animal Quarters	A room that houses laboratory animals maintained for the institution for research and/or instruction purposes.	This category includes rooms generally referred to as animal rooms, cage rooms, stalls, wards, and similar rooms that are used to house animals intended for use in class laboratories, research facilities, special class laboratories, or individual study laboratories.	Does NOT include areas for treatment of patient animals. NOTE: Animal quarters are most generally associated with the Biological Sciences, Medical Sciences, and Psychology. Facilities for housing animals at Agricultural and Technical Colleges which support the Agricultural Sciences should be classified as Engineering or Technical Field Facilities. (Room Type 1500)
1575	Animal Quarters Service	A room that directly serves an animal care facility as an extension of the activities in that facility.	The category includes rooms generally referred to as feed storage rooms, feed mixing rooms, cage washing rooms, and similar facilities such as surgery, casting, or instrument rooms.	Does not Include areas that directly serve areas used for the treatment of patient animals. (See note under Room Type 1570)
1600	Physical Ed Class Activity	For regularly scheduled Physical Education Classes which may require special equipment or treatment for student participation. Can also be used for varsity athletics, intra-murals, and recreation.	Included in this category are rooms generally referred to as gymnasiums, auxiliary activity rooms, body mechanics rooms, dance studios where associated with Physical Education programs, exercise rooms, handball courts, squash courts, wrestling rooms, swimming pools, ice rinks, physical fitness rooms, indoor track areas, weight lifting rooms, fieldhouses, etc.	This category does NOT include classrooms, class laboratories, or offices even though they may be located in an athletic building. This category does NOT include the spectator seating area associated with athletic facilities. (See 1652) It does NOT include outside fields, tennis courts, archery ranges, etc. nor does it include rooms used for recreational purposes such as bowling alleys, billiard rooms, ping pong rooms, ballrooms, chess rooms, card playing rooms, or hobby rooms.

DEPARTMENTAL SUPPORT				
3001	Faculty Office	Faculty equivalent or faculty associated staff to accomplish specific or general tasks associated with their campus assignment.	Must be a separate room designated as an office with a room number. If it falls into the category of Studio Office or Lab Office, it should have the equipment or treatment necessary to fulfill these activities associated with the particular subject field.	Does NOT include desk space in a facility unless divided off and numbered.
3100	Faculty Studio Office	Faculty equivalent or faculty associated staff to accomplish specific or general tasks associated with their campus assignment.	Must be a separate room designated as an office with a room number. If it falls into the category of Studio Office or Lab Office, it should have the equipment or treatment necessary to fulfill these activities associated with the particular subject field.	Does NOT include desk space in a facility unless divided off and numbered.
3200	Faculty Lab Office	Faculty equivalent or faculty associated staff to accomplish specific or general tasks associated with their campus assignment.	Must be a separate room designated as an office with a room number. If it falls into the category of Studio Office or Lab Office, it should have the equipment or treatment necessary to fulfill these activities associated with the particular subject field.	Does NOT include desk space in a facility unless divided off and numbered.
3300	Faculty Secretarial Office	Faculty equivalent or faculty associated staff to accomplish specific or general tasks associated with their campus assignment.	Must be a separate room designated as an office with a room number. If it falls into the category of Studio Office or Lab Office, it should have the equipment or treatment necessary to fulfill these activities associated with the particular subject field.	Does NOT include desk space in a facility unless divided off and numbered.
3450	Faculty Office Service	To directly serve Faculty Offices as an extension of the activities which take place there.	Included in this category are Departmental workrooms, waiting/reception rooms, supply and storage rooms, closets, record rooms, calculating rooms, coat rooms, mail rooms, duplicating rooms, etc.	Does NOT include Office Service related to Administration or other central service areas serving the whole campus.
3460	Departmental Conference Room	A room serving an office complex that is used primarily for staff meetings and departmental activities other than scheduled classroom activities.	A conference room may be equipped with tables and chairs, lounge-type furniture, straight-back chairs, and/or tablet arm chairs. Normally it is used by a specific organizational unit whereas meeting rooms are used for general purposes such as community group meetings. It is distinguished from facilities such as seminar rooms, lecture rooms, and general classrooms because it is used primarily for activities other than scheduled classes. Rooms that serve both as conference rooms and meeting rooms should be classified according to their principle use.	This category does NOT include classrooms, seminar rooms, lecture rooms, auditoriums, interview rooms, or lounge facilities.
