AUGUST 2018

PAPER TOWELS IN REST ROOMS

The Facilities Office will no longer be stocking and supplying paper towels in rest rooms that are equipped with hand dryers. This action stems from budget efficiency reasons and is consistent with University and global sustainability goals to reduce waste and carbon footprint. In the coming year, additional hand dryers will be installed and paper towel removal will be expanded. Hand dryers are disinfected, as necessary, a minimum of once a day.

HAND DRYER HYGIENE: shake off excess water from your hands in the sink and take the time to allow hand dryer to completely dry your hands.

HAND DRYER MALFUNCTIONS: inoperable or faulty hand dryers should be reported to Facilities at 518-442-3480.
