Notes:

The actual AHU start time might be earlier than the times noted above such that the building is maintained at occupied temperature during occupied hours.

The occupied hour summer setpoint is maximum 76F and the unoccupied hour summer setpoint is maximum 80F.

The occupied hour winter setpoint is minimum 68F and the unoccupied hour winter setpoint is minimum 55F.

If you have questions regarding the above schedule, please email [ilnu@albany.edu](mailto:ilnu@albany.edu).
