Occupancy Class:
B, Business; A-4, Assembly

Construction Type:
IIA

Emergency Egress or Escape Routes:

Arena Level- exit discharges can be found at the East, West, and South sides of the Arena, as well as the South side of the corridor, and the West end of the corridor.

Field Level- an exit discharge can be found at the East end of the corridor. Exit stairs can be found to the North, and at the East and West ends of the corridor.

Lobby Level – exit discharges can be found at the main North entrance, and at the East side of the Fitness Center. Exit stairs can be found on the North side of the lobby to the East and West, as well as at the South of the Arena.

Office Level- exits can be found at the North stairs on either side of the floor.

All building occupants shall seek these marked means of egress routes and exit the building using the nearest exit once the audible and visual notification signals of the fire alarm system have been activated.

Procedures for Critical Employees:

Assigned building Fire Marshals and Assistant Fire Marshals may check rooms and encourage building occupants to exit on their own way out of the building. No building occupants shall loiter in or re-enter the building during an alarm of fire.

Procedures for Use of Elevators During Emergency:

Elevators shall not be used as a means of egress during an alarm of fire.

Procedures for Assisted Rescue:

Persons unable to exit the building on their own, shall seek refuge in one of the fire rated egress stair towers.
Accountability Procedures:
Supervisors and instructors shall account for their employees and students once they have exited from the building.

Identification of Personnel Responsible for Rescue:
Personnel from the City of Albany Department of Fire and Emergency Services shall be tasked with performing rescues and providing medical assistance in buildings under an alarm of fire.

No University at Albany employee or student shall be required to enter a building under an alarm of fire in order to perform a rescue or provide medical assistance.

Preferred and Alternative Means of Notifying Occupants of Fire or Emergency:
Persons discovering a fire in the building, shall alert building occupants by pulling the manual fire alarm pull station located near an exit discharge door.

Preferred and Alternative Means of Reporting Fires:
Persons discovering a fire in the building, shall report said fire by pulling the manual fire alarm pull station located near an exit discharge door.

Additionally, persons can contact the 911 dispatcher by using a Blue Light automatic-dial telephone (found on marked lampposts throughout campus), dialing 518-442-3131 from a cell phone, or dialing 911 from a campus phone.

Further Information about Evacuation Plan:
Further information about this Evacuation Plan / Emergency Action Plan may be obtained by contacting the University at Albany Code Administration – Fire Safety at 518-442-3400. Fire Safety Manager Eric Fletcher can provide more information about this plan.

Training:
The University at Albany shall provide three emergency evacuation drills per year. One drill shall occur in the Spring Semester, one drill shall occur in the Summer Session, and the third drill shall occur in the Fall Semester. All building occupants shall participate in these drills.
