EVACUATION PLAN & EMERGENCY ACTION PLAN
CAMPUS CENTER (with EXPANSION AND EXTENSION)
University at Albany, SUNY
1400 Washington Avenue
Albany, New York 12222

Occupancy Class:
A, Assembly

Construction Type:
IB

Emergency Egress or Escape Routes:

Campus Center- Original

- Basement- an exit discharge can be found on the East side of the building. Exits are located at stairs to the North, on both the East and West sides of the building, as well as at four staircases to the South on either side of the basement.

- First Floor- exit discharges can be found at the main North entrance, the South end of the building, as well as at the North ends of the building on both the East and West sides. There are also exit discharges located on the South end of the West side of the building, as well as on the East and West sides of the South portion of the building.

- Second Floor- exits can be found at the center stair, as well as at the North and South stairs located on both the East and West sides of the building. There are also exits at the North and South stairs to the East and West of the Lobby.

- Third Floor- exits can be found at the North end of the building on both the East and West sides. There are also exits to the North and South on both the East and West sides of the corridors.

Campus Center- Expansion

- Basement- exit discharges can be found on the West and South sides of the building, as well as on the east side of the building leading to the South.

- First Floor- exits can be found at the East and South stair, and exit discharges can be found at the East and West sides of the building.
Campus Center- Extension

- Basement- exit discharges can be found at the South end of the building leading towards the Science Library, as well as to the North on both the East and West sides of the building, leading to the East and West of the corridors.

- First Floor- an exit discharge can be found at the South end of the building.

All building occupants shall seek these marked means of egress routes and exit the building using the nearest exit upon the activation of the audible and visual notification signals for the fire alarm system.

**Procedures for Critical Employees:**

Assigned building Fire Marshals and Assistant Fire Marshals may check rooms and encourage building occupants to exit on their own way out of the building. No building occupants shall loiter in or re-enter the building during an alarm of fire.

**Procedures for Use of Elevators During Emergency:**

Elevators shall not be used as a means of egress during an alarm of fire.

**Procedures for Assisted Rescue:**

Persons unable to exit the building on their own shall seek refuge in one of the fire rated egress stair towers. Persons seeking refuge in the stair tower shall use the blue light telephone to request assistance in rescue from the building.

**Accountability Procedures:**

Supervisors and instructors shall account for their employees and students once they have exited from the building.

**Identification of Personnel Responsible for Rescue:**

Personnel from the City of Albany Department of Fire and Emergency Services shall be tasked with performing rescues and providing medical assistance in buildings under an alarm of fire.

No University at Albany employee shall be required to enter a building under an alarm of fire in order to perform a rescue or provide medical assistance.

**Preferred and Alternative Means of Notifying Occupants of Fire or Emergency:**

Persons discovering a fire in the building shall alert building occupants by pulling the manual fire alarm pull station located near an exit discharge door.
Preferred and Alternative Means of Reporting Fires:

Persons discovering a fire in the building shall report said fire by pulling the manual fire alarm pull station located near an exit discharge door.

Additionally, persons can contact the 911 dispatcher by using a blue light automatic dial telephone, dialing 518-442-3131 from a cell phone, or dialing 911 from a campus phone.

Further Information about Evacuation Plan:

Further information about this Evacuation Plan / Emergency Action Plan may be obtained by contacting the University at Albany Code Administration – Fire Safety at 518-442-3400. Fire Safety Manager Eric Fletcher can provide more information about this plan.

Training:

The University at Albany shall provide three emergency evacuation drills per year. One drill shall occur in the Spring Semester, one drill shall occur in the Summer Session, and the third drill shall occur in the Fall Semester. All building occupants shall participate in these drills.
