

Curriculum Vitae

Cristian Lenart

Department of Mathematics and Statistics Work phone: +1-518-442-4635
State University of New York at Albany Fax: +1-518-442-4731
1400 Washington Avenue E-mail: clenart@albany.edu
Albany, NY 12222
USA WWW: <http://www.albany.edu/~lenart>

Education

- 09/1993–06/1996 *University of Manchester (UK).*
06/1996 Ph.D. in Mathematics.
 Thesis: *Combinatorial Models for Certain Structures in Formal Group Theory and Algebraic Topology.*
- 10/1992–06/1993 *University of Cambridge (UK).*
06/1993 Advanced Studies in Mathematics (*with distinction*, 4th place).
- 10/1989–09/1992 *University of Cluj-Napoca (Romania).*
09/1992 Ph.D. in Computer Science. Distinguished Dissertation Award.
 Thesis title: *Classification and Learning in Pattern Recognition.*
- 09/1984–06/1988 *University of Cluj-Napoca (Romania).*
06/1988 B.S in Mathematics and Computer Science (*Summa cum laude*).

Postdoctoral positions

- 1998–1999 *Max-Planck-Institut für Mathematik, Bonn, Germany.*
 Visiting position (12 months).
- 1996–1998 *Massachusetts Institute of Technology.*
 Applied Mathematics Instructor; affiliated with the Laboratory
 for Computer Science.

Research Interests (including the 2010 Mathematics Subject Classification)

Algebraic combinatorics (05E05, 05E10, 05E99), Lie algebras and their representations (17B10, 17B37, 17B67), Macdonald polynomials (33D52, 33D80), Weyl group multiple Dirichlet series (11F68), algebraic geometry (14C17, 14M15), K -theory (19L47), algebraic topology (55N22, 55S10, 55S25), cluster analysis (62H30).

Positions held

- 2011–present *State University of New York at Albany*
 Professor.
- 2013–2014 *Max-Planck-Institut für Mathematik, Bonn, Germany.*
 Visiting position (12 months).

- 2005–2011 *State University of New York at Albany*
Associate Professor.
- 1999–2005 *State University of New York at Albany*
Assistant Professor.
- 1990–1992 *University of Cluj-Napoca (Romania)*.
Assistant Professor.
- 1988–1992 *Geological Prospecting and Exploring, Cluj-Napoca (Romania)*.
Computer programmer.

Visitor at mathematical institutes (with support from these institutions)

- Institut des Hautes Études Scientifiques (IHÉS), Bures-sur-Yvette, France, 2018.
- Henri Poincaré Institute, Paris, France, 2017 – Research in Paris (with Cédric Lecouvey).
- Banff International Research Station, Canada, 2016 – presented in the workshop *Whittaker Functions: Number Theory, Geometry, and Physics*.
- Korea Institute for Advanced Study (KIAS), South Korea, 2015 – presented in the workshop *Categorical Representation Theory and Combinatorics*.
- Banff International Research Station, Canada, 2013 – presented in the workshop *Whittaker Functions: Number Theory, Geometry, and Physics*.
- Institute for Computational and Experimental Research in Mathematics (ICERM), Brown University, Providence, RI, 2013 – presented and co-organized a workshop in the semester program *Automorphic Forms, Combinatorial Representation Theory and Multiple Dirichlet Series*.
- Mathematisches Forschungsinstitut Oberwolfach, Germany, 2012 – Research in Pairs (with Satoshi Naito, Anne Schilling, and Mark Shimozono).
- Mathematisches Forschungsinstitut Oberwolfach, Germany, 2011 – Research in Pairs (with Anne Schilling).
- Max-Planck-Institut für Mathematik, Bonn, Germany, 2011 – guest of Prof. Yuri Manin; presented in the seminar *Algebra, Geometry, and Physics*.
- Mathematisches Forschungsinstitut Oberwolfach, Germany, 2010 – presented in the workshop *Combinatorial Representation Theory*.
- Research Institute for Mathematical Sciences (RIMS), Kyoto, Japan, 2008 – presented in the workshop *Crystals and Tropical Combinatorics*.
- Mathematical Sciences Research Institute, Berkeley, CA, 2008 – presented in the semester program *Combinatorial Representation Theory*.
- Centre de Recherches Mathématiques, Montréal, Canada, 2007 – presented in the workshop *Combinatorial Hopf Algebras and Macdonald Polynomials*

- American Institute of Mathematics, 2007 – presented in the workshop *Buildings and Combinatorial Representation Theory*.
- Banff International Research Station, Canada, 2007 – presented in the workshop *Contemporary Schubert Calculus and Schubert Geometry*.
- Newton Institute, Cambridge, UK, 2001 – presented in NATO Advanced Study Institute *Symmetric Functions 2001: Surveys of Developments and Perspectives*.
- Institute for Mathematical Research, ETH Zürich, Switzerland, 1999.
- Mathematical Sciences Research Institute, Berkeley, CA, 1997 – presented in the workshop *Representation Theory and Symmetric Functions*.
- Rutgers Center for Operations Research, NJ, 1992, 1998 – research in clustering.

Awards

- State University of New York Chancellor’s Award for Excellence in Scholarship and Creative Activities, 2014.
- President’s Excellence Award for Research and Creative Activities, SUNY Albany, 2013.

Grants and fellowships

- 2019-2022 National Science Foundation grant DMS-1855592, *New Applications of Combinatorics to Representation Theory and Schubert Calculus* (Combinatorics Program, co-funded by Algebra and Number Theory Program), award amount: \$200,000; includes two-year support for a graduate student.
- 2018 Raymond and Beverly Sackler Foundation fellow at Institut des Hautes Études Scientifiques (IHÉS), France.
- 2018-2019 Simons Foundation Collaboration Grant for Mathematicians, award amount: \$8,400.
- 2014-2018 National Science Foundation grant DMS-1362627, *Representation Theory and Schubert Calculus: Combinatorics and Interactions* (Combinatorics Program), award amount: \$160,000; includes support for a postdoctoral associate, and 20 weeks summer support for a graduate student in 2016 and 2017.
- 2011-2014 National Science Foundation grant DMS-1101264, *Combinatorics of Crystals, Macdonald Polynomials, and Schubert Calculus* (Combinatorics Program), award amount: \$150,000; includes two-year support for graduate students.
- 2007-2010 National Science Foundation grant DMS-0701044, *Combinatorial Studies in Algebra, Geometry, and Topology* (Algebra, Number Theory, and Combinatorics Program), award amount: \$168,807; includes three-year support for graduate students.

- 2004-2007 National Science Foundation grant DMS-0403029, *Combinatorial Models in Algebra, Geometry, and Topology* (Algebra, Number Theory, and Combinatorics Program), award amount: \$107,408; includes summer support for a graduate student in 2006.
- 2004-2005 Faculty Research Award, SUNY Albany.
- 2003-2004 Faculty Research Award, SUNY Albany.
- 2001-2011 Individual Development Awards Program, 4 grants, SUNY Albany.
- 2000-2005 Travel awards, SUNY Albany.

Prizes

- Magdalene College Prize in Mathematics, Magdalene College, Cambridge, UK, 1993.
- 2nd prizes at the national competition of undergraduate students in mathematics in Romania (freshman and sophomore years).
- 1st prizes in the Romanian National Mathematical Olympiad in 8th, 9th, and 12th grades; member of the national team for the International Mathematical Olympiad in the 10th, 11th, and 12th grades.

Publications (344 citations by 192 authors on *MathSciNet* and 922 citations on *Google Scholar*, as of September 24, 2019)

- Refereed research publications
 1. C. Lecouvey and C. Lenart, Combinatorics of generalized exponents, *Int. Math. Res. Not.*, 2018, DOI 10.1093/imrn/rny157; 31st International Conference on Formal Power Series and Algebraic Combinatorics (FPSAC 2019), *Sém. Lothar. Combin.*, 82B (2019), Art. #14, 12 pp.

Presentations

- Conferences/workshops (since 2004)

1. *AMS-MAA Joint Mathematics Meetings*, Denver, CO (special session “Geometric Representation Theory and Equivariant Elliptic Cohomology”), January 2020.
2. *Regional AMS Meeting*, University of Florida, Gainesville, FL (special session “Combinatorial Lie Theory”), November 2019.
3. *31st International Conference on Formal Power Series and Algebraic Combinatorics*, a plenary talk and a poster, Ljubljana, Slovenia, July 2019.
4. *Forms, Flags, Graphs and Beyond*, University of Ottawa, Ottawa, Canada, May 2019.

5. *Regional AMS Meeting*, University of Michigan, Ann Arbor, MI (special session “Combinatorics in Algebra and Algebraic Geometry”), October 2018.
6. *Interactions of Quantum Affine Algebras with Cluster Algebras, Current Algebras and Categorification*, dedicated to Professor Vyjayanthi Chari on her 60th birthday, Catholic University of America, Washington DC, June 2018.
7. *Regional AMS Meeting*, Northeastern University, Boston, MA (special session “Combinatorial Representation Theory”), April 2018.
8. *Regional AMS Meeting*, Vanderbilt University, Nashville, TN (special session “Macdonald Polynomials and Related Structures”), April 2018.
9. *Regional AMS Meeting*, Hunter College, New York, NY (special session “Cohomologies and Combinatorics”), May 2017.
10. *AMS-MAA Joint Mathematics Meetings*, Atlanta, GA (special session “Combinatorial and Cohomological Invariants of Flag Manifolds and Related Varieties”), January 2017.
11. *Regional AMS Meeting*, University of St. Thomas, Minneapolis, MN (special session “Combinatorial Representation Theory”), October 2016.
12. *Whittaker Functions: Number Theory, Geometry, and Physics*, Banff International Research Station, Canada, July 2016.
13. *Categorical Representation Theory and Combinatorics*, KIAS, Seoul, South Korea, December 2015.
14. *Regional AMS Meeting*, Rutgers University, New Brunswick, NJ (special session “Modern Schubert calculus”), November 2015.
15. *27th International Conference on Formal Power Series and Algebraic Combinatorics*, two posters, Daejeon, South Korea, July 2015.
16. *The Eighth Congress of Romanian Mathematicians*, Iași, Romania, June 2015.
17. *Representation Theory XIV*, Dubrovnik, Croatia, June 2015.
18. *Representation Theory and Related Topics*, University of Connecticut, Storrs, CT, May 2015 (follow-up of the 2014 ICM Satellite Conference, Daegu, South Korea).
19. *Regional AMS Meeting*, Georgetown University, Washington, DC (special session “Quantum Algebras, Representations, and Categorifications”), March 2015.
20. *Combinatorial Algebra Meets Algebraic Combinatorics*, Queen’s University, Kingston, Canada, January 2015.
21. *AMS-MAA Joint Mathematics Meetings*, San Antonio, TX (special session “Algebraic Combinatorics and Representation Theory”), January 2015.
22. *Regional AMS Meeting*, Dalhousie University, Halifax, Canada (special session “Combinatorial Representation Theory”), October 2014.
23. *47th Seminar Sophus Lie*, Castle Rauischholzhausen, Marburg, Germany, May 2014.

24. *Whittaker Functions: Number Theory, Geometry, and Physics*, Banff International Research Station, Canada, October 2013.
25. *25th International Conference on Formal Power Series and Algebraic Combinatorics*, plenary talk, Paris, France, June 2013.
26. *Representation Theory XIII*, Dubrovnik, Croatia, June 2013.
27. *Whittaker Functions, Schubert Calculus and Crystals*, two-hour tutorial at the Institute for Computational and Experimental Research in Mathematics (ICERM), Brown University, http://icerm.brown.edu/video_archive, February-March 2013.
28. *24th International Conference on Formal Power Series and Algebraic Combinatorics*, two plenary talks, Nagoya, Japan, July 2012.
29. *Regional AMS Meeting*, Wake Forest University, Winston-Salem, NC (special session “Symmetric Functions, Symmetric Group Characters, and Their Generalizations”), September 2011.
30. *Regional AMS Meeting*, College of the Holy Cross, Worcester, MA (special session “Combinatorial Representation Theory”), April 2011.
31. *Regional AMS Meeting*, Syracuse University, Syracuse, NY (special session on “Lie Algebras and Representation Theory”), October 2010.
32. *SIAM Conference on Discrete Mathematics*, Austin, TX (minisymposium on “Schubert Calculus”), June 2010.
33. *SIAM Conference on Discrete Mathematics*, Austin, TX (minisymposium on “Combinatorial Representation Theory”), June 2010.
34. *Regional AMS Meeting*, Macalester College, St. Paul, MN (special session “Partition Theory and the Combinatorics of Symmetric Functions”), April 2010.
35. *Combinatorial Representation Theory*, Mathematisches Forschungsinstitut Oberwolfach, Germany, March 2010.
36. *21st International Conference on Formal Power Series and Algebraic Combinatorics*, plenary talk, Linz, Austria, July 2009.
37. *Regional AMS Meeting*, North Carolina State University, Raleigh, NC (special session “Enumerative Geometry and Related Topics”), April 2009.
38. *Crystals and Tropical Combinatorics*, Kyoto, Japan, August 2008.
39. *Topics in Combinatorial Representation Theory*, Mathematical Sciences Research Institute, Berkeley, CA, March 2008.
40. *Combinatorial Hopf Algebras and Macdonald Polynomials*, Centre de Recherches Mathématiques, Montréal, Canada, May 2007.
41. *Buildings and Combinatorial Representation Theory*, American Institute of Mathematics, Palo Alto, CA, March 2007.
42. *Schubert Calculus and Schubert Geometry*, Banff International Research Station, Canada, March 2007.

43. *Regional AMS Meeting*, Fayetteville, AR (special session “Combinatorial Representation Theory”), November 2006.
 44. *18th International Conference on Formal Power Series and Algebraic Combinatorics*, plenary talk, San Diego, CA, June 2006.
 45. *Regional AMS Meeting*, San Francisco State University, San Francisco, CA (special session “Homological and K -theoretical Trends in Algebraic Combinatorics”), April 2006.
 46. *Joint Meeting of the American, German, and Austrian Mathematical Societies*, Mainz, Germany (special session “Algebraic Combinatorics”), June 2005.
 47. *17th International Conference on Formal Power Series and Algebraic Combinatorics*, poster presentation, Taormina, Italy, June 2005.
 48. *Regional AMS Meeting*, Northwestern University, Evanston, IL (special session “Modern Schubert Calculus”), October 2004.
 49. *16th International Conference on Formal Power Series and Algebraic Combinatorics*, plenary talk, University of British Columbia, Vancouver, Canada, June 2004.
- Seminars and colloquia (since 2004)
 50. Series of lectures at the Center for Combinatorics, Tianjin University (China), August 2020.
 51. Algebra Seminar, *University of Georgia*, December 2019.
 52. MIT-Harvard-MSR Combinatorics Seminar, *MIT*, November 2019.
 53. Algebra, Geometry and Combinatorics Seminar, *University of Illinois at Urbana-Champaign*, August 2019.
 54. Series of 6 lectures entitled “Macdonald Polynomials: Representation Theory and Combinatorics,” Seoul National University, January 2019.
 55. Algebra Seminar, *Virginia Polytechnic Institute*, November 2018.
 56. Representation Theory Seminar, *University of Massachusetts Amherst*, April 2018.
 57. Geometry, Combinatorics, and Integrable Systems Seminar, *Ohio State University*, October 2017.
 58. Representation Theory Seminar, *City University of New York*, October 2017.
 59. Algebra Seminar, *Rutgers University*, April 2017.
 60. Algebra Seminar, *University of Connecticut*, April 2017.
 61. Algebra and Topology Seminar, *SUNY Albany*, March 2017.
 62. Colloquium, *University of Notre Dame*, November 2016.
 63. Algebra and Topology Seminar, *SUNY Albany*, November 2016.
 64. Colloquium, *University of Southern California*, November 2016.

65. Representation Theory Seminar, *City University of New York*, September 2016.
66. Combinatorics Seminar, *University of California San Diego*, June 2016.
67. Algebra Seminar, *University of Pittsburgh*, January 2016.
68. Algebra Seminar, *Virginia Polytechnic Institute*, October 2015.
69. Colloquium, *University of Ottawa*, Canada, May 2015.
70. Colloquium, *University of Connecticut*, March 2015.
71. Algebra, Geometry and Combinatorics Seminar, *University of Illinois at Urbana-Champaign*, March 2015.
72. Colloquium, *Syracuse University*, January 2015.
73. Séminaire “Combinatoire énumérative et analytique”, LIAFA, *University of Paris 7*, France, June 2014.
74. Representation Theory Seminar, *University of Amsterdam*, The Netherlands, May 2014.
75. Séminaire d’algèbre et de géométrie, *University of Caen*, France, April 2014.
76. Séminaire Caen-Cergy-Clermont-Paris. Théorie des Représentations, *University of Paris 7*, France, April 2014.
77. Algebra Seminar, Institut Camille Jordan, *University of Lyon*, France, March 2014.
78. Geometry Seminar, *École Polytechnique Fédérale de Lausanne*, Switzerland, March 2014.
79. Séminaire Quantique, *IRMA Strasbourg*, France, February 2014.
80. Oberseminar Algebra, *Köln University*, Germany, February 2014.
81. Oberseminar “Lie-Theorie”, *Paderborn University*, Germany, November 2013.
82. Noon Seminar, *Charles University*, Department of Applied Mathematics, Prague, Czech Republic, November 2013.
83. Oberseminar Darstellungstheorie, *Bonn University*, Germany, November 2013.
84. Oberseminar, *Max-Planck-Institut für Mathematik*, Bonn, Germany, October 2013.
85. Seminar on Algebra, Geometry, and Physics, *Max-Planck-Institut für Mathematik*, Bonn, Germany, June 2013.
86. Combinatorics seminar, LaCIM (Laboratoire de combinatoire et d’informatique mathématique), *Université du Québec à Montréal*, Canada, December 2012.
87. Representation Theory Seminar at *City University of New York*, March 2012.
88. Combinatorics Seminar, *University of Michigan*, December 2011.
89. Combinatorics Seminar, *MIT*, November 2011.
90. Seminar on Algebra, Geometry, and Physics, *Max-Planck-Institut für Mathematik*, Bonn, Germany, August 2011.

91. Algebra and Topology Seminar, *SUNY Albany*, April 2011.
92. Combinatorics Seminar, *University of Washington*, December 2010.
93. Discrete Geometry and Combinatorics Seminar, *Cornell University*, November 2010.
94. Lie Groups and Representation Theory Seminar, *University of Maryland at College Park*, April 2010.
95. Group Theory Seminar, *University of Chicago*, October 2009.
96. Algebra and Lie Groups Seminar, *Yale University*, October 2009.
97. Algebra, Geometry and Combinatorics Seminar, *University of Illinois at Urbana-Champaign*, April 2009.
98. Capital Region Algebra and Number Theory Seminar, *SUNY Albany*, February 2009.
99. Combinatorics Seminar, *University of Michigan*, Ann Arbor, October 2008.
100. Algebra Seminar, *Binghamton University*, October 2008.
101. Combinatorics Seminar, *Université de Marne-la-Vallée*, Paris, France, July 2008.
102. Combinatorics Seminar, *Université du Québec à Montréal*, Canada, June 2008.
103. Capital Region Algebra and Number Theory Seminar, *Skidmore College*, Saratoga Springs, NY, April 2008.
104. Capital Region Algebra and Number Theory Seminar, *SUNY Albany*, April 2007.
105. Combinatorics seminar, *University of Minnesota at Minneapolis*, April 2007.
106. Colloquium, *Queen's University*, Kingston, Canada, March 2007.
107. Séminaire du LMPA "Joseph Liouville", *University of Calais*, France, January 2007.
108. Algebra and Geometry Seminar, *University of Rome I "La Sapienza"*, Italy, November 2006.
109. Combinatorics Seminar, *MIT*, April 2006.
110. Combinatorics Seminar, *University of Michigan*, Ann Arbor, March 2006.
111. Combinatorics Seminar, *Ohio State University*, November 2005.
112. Algebraic Combinatorics Seminar, *Fields Institute*, Toronto, Canada, April 2005.
113. Capital Region Algebra and Number Theory Seminar, *SUNY Albany*, April 2005.
114. Capital Region Algebra and Number Theory Seminar, *SUNY Albany*, November 2004.
115. Combinatorics and Geometry Seminar, *University of Washington*, April 2004.
116. Colloquium, *Dartmouth College*, March 2004.

Students and postdoctoral associates advised

- Daniel Hono (Master's thesis, 2018-2019).
- James Sidoli (Ph.D. student, 2017-present).
- Hanjoon Choe (undergraduate research, continued as Master's student, 2017-2019).
- Adam Schultze (Ph.D. student, 2016-present); jointly advised with Cédric Lecouvey, University of Tours, since May 2018; spending 4 months (09-12/2019) at the University of Tours, funded by the Chateaubriand fellowship of the Embassy of France in the USA.
- Arthur Lubovsky (postdoctoral associate supported from my NSF grant, 2015).
- Carly Briggs (Ph.D. student, 2011-2017).
- Kevin Ramer (Ph.D. student, 2012-2016).
- Arthur Lubovsky (Ph.D. student, 2008-2013), received the 2014 SUNY Albany Distinguished Doctoral Dissertation Award.
- William Adamczak (Ph.D. student, 2006-2011).

Service for the profession

- Organizer of a one-day meeting at SUNY Albany within the series *Discrete Mathematics in the Northeast* (with support from my NSF grant), April 2020.
- Co-organizer of the special session "Recent advances in Schubert calculus and related topics" at the Eastern Sectional Meeting of the AMS, March 21-22, 2020, Tufts University, Medford, MA.
- External evaluator for the Ph.D. defense of Sjuvong Chung, Rutgers University, 2017.
- Co-organizer of the Fields Institute workshop "Equivariant generalized Schubert calculus and its applications", University of Ottawa, April 2016.
- National Science Foundation, member on six review panels (in 2008, 2010, 2011, 2012, 2014, 2019).
- Referee for the National Science Foundation, the National Security Agency, the FPSAC conference, and several mathematical journals, including: *Duke Mathematical Journal*, *Advances in Mathematics*, *International Mathematics Research Notices*, *American Journal of Mathematics*, *Compositio Mathematica*, *Transactions of the American Mathematical Society*, *Proceedings of the American Mathematical Society*, *Selecta Mathematica*, *Transformation Groups*, *Journal of Algebra*, *Algebras and Representation Theory*, *Algebra and Number Theory*, *Mathematical Research Letters*,

Mathematische Zeitschrift, Journal of Algebraic Combinatorics, Journal of Combinatorial Theory Series A, Electronic Journal of Combinatorics, European Journal of Combinatorics, Discrete Mathematics, Annals of Combinatorics, Communications in Algebra, Journal of Symbolic Computation, International Journal for Mathematics and Mathematical Sciences, Séminaire Lotharingien de Combinatoire, Journal of Mathematics of Kyoto University, Houston Journal of Mathematics.

- Co-organizer of the workshop “Whittaker Functions, Schubert Calculus and Crystals” (March 4-8, 2013) within the Semester Program “Automorphic Forms, Combinatorial Representation Theory and Multiple Dirichlet Series” at the Institute for Computational and Experimental Research in Mathematics (ICERM), Brown University, Providence.
- Co-organizer of the special session “Rings, Algebras, and Varieties in Combinatorics” at the Southeastern Sectional Meeting of the AMS, April 4-5, 2009, North Carolina State University, Raleigh, NC.
- Co-organizer of the special session “Combinatorial Representation Theory, Topological Combinatorics and Interactions Between Them” at the Central Sectional Meeting of the AMS, April 5-6, 2008, Indiana University, Bloomington, IN.
- Member of the Committee evaluating the HDR thesis (Habilitation à Diriger les Recherches en Mathématiques) of Cédric Lecouvey, University of Calais, France (2007).
- Member of the Program Committee of the 19th International Conference on Formal Power Series and Algebraic Combinatorics (2007).
- External evaluator for the Ph.D. defense of Mihai Beligan, York University, Toronto, 2007.
- Co-organizer of a *Discrete Mathematics and Computer Science Day* at SUNY Albany, September 28, 2002 and March 18, 2006.
- Member of the Steering Committee for the series of conferences *Discrete Mathematics Days in the Northeast* (2003-2009).
- Co-organizer of the special session “Algebraic and Geometric Combinatorics” at the Eastern Sectional Meeting of the AMS, October 8-9, 2005, Bard College, NY.

Service for the University at Albany

- Member of the departmental Executive Committee, 2005-2008, 2010-2012, 2014-2020.
- Member of the Distinguished Doctoral Dissertation Review Committee, College of Arts and Sciences, 2017.
- Represented the department in the Graduate Student Fair at the Joint Mathematics Meetings, San Antonio, TX, 2015.

- Faculty representative in the University Senate (2008-2010). Member of the University Planning and Policy Council (UPPC), 2008-2012. Member of the President's 2010 and 2011 Budget Advisory Groups.
- Member of the departmental Graduate Committee, 2009-2011, 2015-2017.
- Member in several departmental examination committees (excluding those for my students): Ph.D. defense (Jesse Corradino, Scott Sidoli, Daniel Wood, Michael Penn, Timothy Clark, Joseph McCollum, Amanda Beecher), M.Sc. reader (Kenneth D'Amica, James Lamatina), Ph.D. and M.Sc. oral examinations (19 students).
- Departmental research liaison, 2006-present.
- Faculty member in charge of the French foreign language exam, 2007-present.
- Member of the departmental Undergraduate Committee, 2002-2005.
- Departmental Colloquium Chair, 2001-2005, 2012-2013. Invited several colleagues to give colloquium talks, as well as talks in our Distinguished Lecture Series in Mathematics (1 speaker, with support from my NSF grant), and our Maheshwari colloquium (2 speakers).
- Student advisement.
- Presented several talks in the departmental graduate student seminar and the SUNY Albany Math Club.
- Affiliate member in the Institute for Informatics, Logics and Security Studies (I have been involved in a project related to the development of the computational and applied sciences at the University).
- Member on panels discussing undergraduate research.
- Participated in the University's general recruiting open houses.
- My work and achievements featured numerous times in the SUNY Albany news.

Community engagement

- Speaker at the *Math and Science Career Day* at Shaker High School (one of the top schools in the New York Capital District), 12/15/2017.
- Member on the committee for the selection of the mathematics supervisor at Shaker High School, 2008.
- Participated in meetings with high school students and teachers.
- Interviews on local radio stations.

Membership

American Mathematical Society (since 1997).

Computing skills: Maple, Mathematica, SAGE, C++.

Languages: I read, write, and speak fluently English, French, Hungarian, and Romanian. I can speak German and Italian.
