E Cpy 360
Psychology, Cultural Diversity and Social Justice (3)
This course offered online through the Blackboard Learning System. This course will examine several aspects of diversity as it relates to U.S. culture and society. Moreover, the course will examine and explore the psychological effects of various types of oppression (i.e., racism, heterosexism, and classism) as they impinge upon specific communities within the U.S. and individuals within those communities. In addition, this course will include topics related to social justice and advocacy related to the improvement and empowerment of marginalized groups studied. The course will incorporate various sources of knowledge and content to provide a comprehensive perspective on the multiple layers of cultural diversity represented in U.S. culture.
Kimber, Justin
6 Week 1: May 26-July 3
Online course in Blackboard

E Cpy 403
Peer Counseling and Peer Education: Theory and Practice I (3)
In this course, which is a companion to E Cpy 400 (Foundations of Peer Counseling and Peer Education), students will have the opportunity to practice peer counseling and peer education skills through supervised experiences which will occur on the Middle Earth crisis hotline and/or in the Middle Earth outreach education service. Students will also participate in weekly supervision groups which are facilitated by instructional staff. A primary strength of this course is that learning can take place in the context of a campus service agency, allowing students the opportunity to apply skills which they have learned.
Prerequisite(s): Students must complete E Cpy 400 or the equivalent and obtain the permission of the instructor in order to enroll in this course. Permission of instructor required.
