Courses in Psychology

A Psy 101
Introduction to Psychology (3)
This course offered online through the Blackboard Learning System. The basic methods and points of view in the scientific study of human behavior. Topics include biological bases of behavior, personality organization, intelligence, motivation, emotions, learning, and social relations. For psychology majors completing their major requirements as outlined in this bulletin or subsequent editions, A PSY 101 is restricted to A-E grading after matriculation at Albany. A PSY 101 must be completed with a C- or better for the major in Psychology.
(2340) Tell, Rebecca
6 Week 1: May 28-July 5
Online class in Blackboard

A Psy 203
Psychology of Child Development (3)
This course offered online through the Blackboard Learning System. The genesis of various behavior forms; social, emotional, and intellectual development in contemporary society; the relationship between childhood experience and personality development. Prerequisite(s): A Psy 101.
(1994) Yeo, Anna
4 Week 2: June 24-July 19
Online class in Blackboard

A Psy 210
Statistical Methods in Psychology (3)
Methods of analyzing quantitative data in psychology and the behavioral sciences. The relation of each of the various methods to the design of experiments. For psychology majors completing their major requirements as outlined in this bulletin or subsequent editions, A Psy 210 is restricted to A-E grading after matriculation at Albany. Prerequisite(s): A Psy 101.
(1119) Mian, Maha
6 Week 1: May 28-July 5
MTTh 6:00p.m.-8:30p.m.
SS-134

A Psy 211
Experimental Psychology (3)
This course offered online through the Blackboard Learning System. Topics of psychological research, with emphasis on the manipulation and control of variables, reducing error variance, internal and external validity, the elimination of confounding factors, and social-psychological aspects of experiments. Discussion includes selected topics in the philosophy of science, logical inference, hypothesis testing, theory construction and ethics. For psychology majors completing their major requirements as outlined in this bulletin or subsequent editions, A Psy 211 is restricted to A-E grading after matriculation at Albany. Prerequisite(s): A Psy 101 and 210.
(1003) Barach, Eliza
6 Week 3: July 8-August 16
Online class in Blackboard

A Psy 214
Introduction to Biopsychology and Behavioral Neuroscience (3)
This course offered online through the Blackboard Learning System. An introduction to basic nervous system function and its control of behavior. Examination of the contribution of the field of neuroscience to
understanding both normal and abnormal behavior. Topics will include anatomical, neurochemical, physiological, developmental and endocrine aspects of neurobehavioral function. Prerequisite(s): A Psy 101.

(2341) Altman, Brianna
6 Week 2: June 24-August 2
*Online class in Blackboard*

A Psy 270
Social Psychology (3)
*This course offered online through the Blackboard Learning System.* The relation between the individual and the group, the influence of culture and of institutions on human personality, the nature and types of leadership, factors in the development of social attitudes, the psychology of mass movements and of social decisions. Prerequisite(s): A Psy 101.

(1995) Kemper, Nathan
6 Week 1: May 28-July 5
*Online class in Blackboard*

A Psy 327
Personality (3)
*This course offered online through the Blackboard Learning System.* Biological and social determinants of personality and its development; methods of studying personality; the various systems of psychology and their interpretations of personality structure. Prerequisite(s): A Psy 101.

(1091) Lee, So Yun
4 Week 2: June 24-July 19
*Online class in Blackboard*

A Psy 329
Health Psychology (3)
*This course offered online through the Blackboard Learning System.* Survey of psychological theory and research in the promotion and maintenance of health, the prevention and treatment of illness, and the improvement of health care delivery. Topics include health-enhancing and health-compromising behaviors, stress and coping, patient-provider communication, pain management, and psychosocial aspects of specific illnesses such as cancer, heart disease, and AIDS. Only one version of A PSY 329 may be taken for credit. Prerequisite(s): A PSY 101.

(1996) King, Brittany
6 Week 2: June 24-August 2
*Online class in Blackboard*

A Psy 333
Childhood Behavioral Disorders (3)
*This course offered online through the Blackboard Learning System.* Survey of the behavior disorders of childhood, including conduct disorders, pervasive developmental disorders, and other childhood problems that are of concern to those who work with children. A Psy 333Z is the writing intensive version of A Psy 333; only one may be taken for credit. Prerequisite(s): A Psy 101 and 203.

(1997) Siegel, Atara
6 Week 1: May 28-July 5
*Online class in Blackboard*

A Psy 338
Abnormal Psychology (3)
*This course offered online through the Blackboard Learning System.* Survey of the behavior disorders, including the psychoses, psychoneuroses, mental deficiencies, and other forms of psychopathology. Only one version of A PSY 338 may be taken for credit. Prerequisite(s): A PSY 101, and 203 or 327.

(2342) Schwartzman, Carly
6 Week 2: June 24-August 2
Online class in Blackboard

A Psy 340
The Psychology of Human Sexuality (3)
This course offered online through the Blackboard Learning System. In-depth coverage of research and theory on: biological and social causes of sex differences in behavior, attraction and love, marriage and alternatives, sexual behavior, personality variables relating to sexual responsiveness, sexual dysfunction, sexual deviations, effects of erotica, and birth control. A Psy 340Z is the writing intensive version of A Psy 340; only one may be taken for credit. Prerequisite(s): A Psy 101.
(1004) Wolinsky, Arielle
4 Week 1: May 28-June 21

Online class in Blackboard

A Psy 341
Industrial/Organizational Psychology (3)
This course offered online through the Blackboard Learning System. Survey of theory, research, and applications in major topical areas of industrial/organizational psychology. Topics include work motivation, job satisfaction, performance appraisal, leadership, personnel selection, training and development, communication, psychological testing, and organization development. Only one version of A PSY 341 may be taken for credit. Prerequisite(s): A PSY 101; 210 or equivalent statistics course approved by the instructor, or permission of instructor.
(2344) Sassaman, Levi
4 Week 2: June 24-July 19

Online class in Blackboard

A Psy 380
Learning (3)
This course offered online through the Blackboard Learning System. Analysis of basic problems in learning. Consideration of data resulting from human and animal experimentation. A Psy 380Z is the writing intensive version of A Psy 380; only one may be taken for credit. Prerequisite(s): A Psy 210 and 211. All seats reserved for majors only. Non-majors and visiting students contact the department for permission of instructor.
(1125) Hanson, Matthew
6 Week 1: May 28-July 5

Online class in Blackboard

A Psy 381
Memory and Cognition (3)
This course offered online through the Blackboard Learning System. Examination of both basic and complex information processing skills of humans. Topics include sensory memory, selective attention, pattern recognition, coding processes, short-term and long-term memory performance, theories of recognition and recall, and theories of semantic memory. Only one version of A PSY 381 may be taken for credit. Prerequisite(s): A PSY 101, A PSY 210 and A PSY 211. Non-majors and visiting students contact the department for permission of instructor.
6 Week 1: May 28-July 5

Online class in Blackboard

(2190) Tifft, Eric
6 Week 3: July 8-August 16

Online class in Blackboard

A Psy 385
Evolutionary Psychology (3)
This course offered online through the Blackboard Learning System. Review of the genetic, ecological, and adaptive correlates of behavior. Topics include the comparative development of higher mental processes, aggression, anti-predator behaviors, biological constraints on learning, and behavior genetics,
with emphasis on animal behavior and evolution as a model for understanding human behavior. Only one version of A PSY 385 may be taken for credit. Prerequisite(s): A PSY101.

(1999) Campbell, Dylan

4 Week 2: June 24-July 19

*Online class in Blackboard*
