

Become an effective change maker for campus sustainability.

The Eco-Rep program uses a team-based approach to enhance awareness and engagement in campus sustainability projects. The course focuses on developing skills through five workshops and then students can apply them to a project of their choice including, but not limited to waste reduction, energy conservation, awareness around local food, food reduction and insecurity, alternative transportation, and environmental stewardship.

When: Every Wednesday from 4:10-5:10 pm in CS 15.

*Eco-Reps can take 1 CPSP credit for their 1st semester. If they wish to continue onto an optional 2nd and 3rd semester, they can take 2-3 credits.

If you are interested in becoming an Eco-Rep, please email gogreen@albany.edu
