2. **Election and Appointment.** The Chancellor of the University shall appoint the two University representatives and two alternate University representatives, both having University-wide responsibility. An individual currently serving as an alternate may run in the election for a Senate seat that has been vacated in this manner. In the event that both the Senator and the alternate are simultaneously unable to represent the campus for a period in excess of four months during the academic year, both offices will be declared vacant and the unexpired terms will be filled by a new election.

TITLE C. OFFICERS

2. **Vice-President/Secretary.** Before July 1 of each even-numbered year, the senate shall elect one of its elected members to serve as vice-president/secretary for a term of two years. Upon election as vice-president/secretary, the elected member shall vacate the position as representative of his or her unit in the senate and shall serve as a nonvoting member of the senate. The vice-president/secretary shall take and keep minutes of the senate and shall exercise such other powers and duties as the senate shall provide in its bylaws. The vice-president/secretary shall serve as president of the senate during that officer's absence or inability to act. The vice-president/secretary of the senate may be reelected for a second term, but may not thereafter be eligible for a successive term, provided, however, that a vice-president/secretary initially elected to fill less than half of a term arising from a vacancy is eligible to serve two additional successive full terms.

3. **Vacancies.** A vacancy in the office of president or vice-president/secretary shall be filled for the unexpired term in the same manner as the original election, at the next succeeding meeting of the Senate following the occurrence of the vacancy. In the interim, the Executive Committee shall elect one of its members to serve in an acting capacity until the vacancy is filled.

TITLE D. ORGANIZATION

1. **Meetings.** The Senate shall meet at least twice a year at such times and places as shall be determined by the Executive Committee. Special meetings of the Senate may be called in accordance with the provisions of the bylaws.

2. **Committees.** The Senate may establish such standing committees as it deems advisable and shall prescribe the functions of such committees. One such committee shall be the Executive Committee. The Chancellor shall transmit proposed amendments to the Board of Trustees with recommendations. Amendments, in such form as approved by the Board, shall become effective if ratified by the professional staff of a majority of the State-operated units and contract colleges, by secret ballot, within such time period not in excess of one year as may be fixed by the Board of Trustees.

ARTICLE VIII: COUNCILS

1. **Establishment.** In accordance with the provisions of the Education Law, there shall be a council at each State-operated institution and, in the case of the State University College of Environmental Science and Forestry, a board of trustees.

2. **Responsibilities.** Individual councils and, in the case of the State University College of Environmental Science and Forestry, the board of trustees, shall exercise such powers as are provided for in the Education Law, subject to the general management, supervision, control, and approval of and in accordance with rules established by the State University Trustees. ARTICLE XII: EVALUATION AND PROMOTION OF ACADEMIC AND PROFESSIONAL EMPLOYEES

Title A. Evaluation of Academic Employees

1. **Policy.** It is the policy of the University to evaluate academic employees.

2. **Purpose.** The purpose of evaluation pursuant to this Title shall be the appraisal of the extent to which each academic employee has met his or her professional obligation. Written communication of such appraisal shall be sent to the academic employee concerned. The evaluations conducted pursuant to this Title may be considered by the chief administrative officer of a college and the college administrative officers in making decisions or recommendations with respect to continuing appointments, renewal of term appointments, promotions, discretionary adjustments to basic annual salary, and for any other purpose where an academic employee's performance may be a relevant consideration. Nothing contained herein shall prevent the chief administrative officer from taking such action as the chief administrative officer may deem appropriate to the operating requirements of the college.

3. **Applicability.** Pursuant to this Title, academic employees may be evaluated; such evaluation, if any, is to be made by the chief administrative officer, or designee.

4. **Criteria.** In conducting evaluations pursuant to this Title, the chief administrative officer of the college concerned, or designee, may consider, but shall not be limited to consideration of, the following:

(a) **Mastery of subject matter** — as demonstrated by such things as advanced degrees, licenses, honors, awards, and reputation in the subject matter field.

(b) **Effectiveness in teaching** — as demonstrated by such things as judgment of colleagues, development of teaching materials, or new courses and student reaction, as determined from surveys, interviews and classroom observation.

(c) **Scholarly ability** — as demonstrated by such things as success in developing and carrying out significant research work in the subject matter field, contribution to the arts, publications, and reputation among colleagues.

(d) **Effectiveness of University service** — as demonstrated by such things as college and University public service, committee work, administrative work, and work with students or community in addition to formal teacher-student relationships.

(e) **Continuing growth** — as demonstrated by such things as reading, research, or other activities to keep abreast of current developments in the academic employee's fields and being able to handle successfully increased responsibility.

Title B. Promotion of Academic Employees

1. **Procedure.** The chief administrative officer of a college, after giving consideration to recommendations of academic employees, including the committees, if any, of the appropriate department or professional area and other appropriate sources in connection with promotion of a specific academic employee, may promote, or recommend to the Chancellor for promotion, such persons as are, in the chief administrative officer's judgment, best qualified. Nothing contained herein shall prevent the chief administrative officer of a college from taking such promotion action as the chief administrative officer may deem appropriate to the operating requirements of the college.

2. **Criteria.** Recommendations of academic employees, or their appropriate committees, or other appropriate sources may consider, but shall not be limited to, consideration of, the following:

(a) **Mastery of subject matter** — as demonstrated by such things as advanced degrees, licenses, honors, awards, and reputation in the subject matter field.

(b) **Effectiveness in teaching** — as demonstrated by such things as judgment of colleagues, development of teaching materials, or new courses and student reaction, as determined from surveys, interviews, and classroom observation.

(c) **Scholarly ability** — as demonstrated by such things as success in developing and carrying out significant research work in the subject matter field, contribution to the arts, publications, and reputation among colleagues.

(d) **Effectiveness of University service** — as demonstrated by such things as college and university public service, committee work, administrative work, and work with students or community in addition to formal teacher-student relationships.

(e) **Continuing growth** — as demonstrated by such things as reading, research, or other activities to keep abreast of current developments in the academic employee's fields and being able to handle successfully increased responsibility.

3. **Length of Service.** Completion of a minimum period of service with the University may be a consideration, but shall not be a qualification for promotion.

Title C. Evaluation and Promotion of Professional Employees

1. **Policy.** It is the policy of the University to evaluate on a regular basis the performance of all professional employees and to give such employees consideration for promotion. The Chancellor or designee shall provide for the administration of systems for evaluation and promotion of such employees.

2. **Definitions.**

(a) "Promotion" shall mean an increase in a professional employee's basic annual salary with a change in title and movement to a higher salary rank, resulting from a permanent significant increase or change in his or her duties and responsibilities as a consequence of movement from one position to another of greater scope and complexity of function at the same or different college.

(b) “Immediate Supervisor” shall mean the person designated by the chief administrative officer for the purpose of evaluating professional employees.

3. Promotion.

(a) Professional employees may apply, and upon such application shall receive consideration, for promotion to vacant professional employee positions in the Professional Services Negotiating Unit, which are to be filled, or for promotion in their present positions, provided, however, that nothing contained herein shall affect or operate to invalidate any promotion or appointment, nor shall anything contained herein be construed to require promotions, or appointments to vacant positions in the Professional Services Negotiating Unit to be made from among professional employees presently employed by the University.

(b) Prior to making promotions or recommendations to the Chancellor for promotion of professional employees, the chief administrative officer shall review the supervisory evaluation and recommendations relating to such employees, together with the recommendations, if any, of the appropriate professional staff committees established for such purpose.

4. Evaluation.

(a) Each professional employee in the Professional Services Negotiating Unit shall have his or her performance evaluated by the employee’s immediate supervisor formally, in writing, once each year during the term of appointment and as changing conditions warrant, except where the employee is serving a final year in the University, following notice of nonrenewal. Such evaluation shall be based on a performance program determined by the immediate supervisor after consultation with the employee, a copy of which shall be given to the employee.

(b) Performance shall be characterized, in summary, as either satisfactory or unsatisfactory. A professional employee whose performance is characterized as “unsatisfactory” in a written report resulting from a formal evaluation may seek review of such report by the appropriate professional staff committee established for such purpose.

5. **Criteria.** As they relate to the duties, responsibilities and objectives of the position in which a professional employee is being evaluated or for which such employee is being considered for promotion, the following criteria may include but not be limited to:

(a) Effectiveness in performance — as demonstrated, for example, by success in carrying out assigned duties and responsibilities, efficiency, productivity, and relationship with colleagues.

(b) Mastery of specialization — as demonstrated, for example, by degrees, licenses, honors, awards, and reputation in professional field.

(c) Professional ability — as demonstrated, for example, by invention or innovation in professional, scientific, administrative, or technical areas; i.e., development or refinement of programs, methods, procedures, or apparatus.

(d) Effectiveness in University service — as demonstrated, for example, by such things as college and university public service, committee work, and involvement in college or university related student or community activities.

(e) Continuing growth — as demonstrated, for example, by continuing education, participation in professional organizations, enrollment in training programs, research, improved job performance and increased duties and responsibilities.

(a) For purposes of this section 4, "temporary disability" shall be defined as any temporary mental or physical impairment of health, including such an impairment resulting from pregnancy, that disables an employee from the full performance of duty.

(b) The chief administrative officer shall permit employees who are unable to perform their duties because of claimed temporary disability to use any and all sick leave credits that they have accumulated pursuant to sections 1 and 2 of this Title.

(c) The chief administrative officer may at any time require an employee to furnish suitable medical evidence from the employee's physician to substantiate a claimed temporary disability. In the absence of such suitable medical evidence, the chief administrative officer may require an employee to be examined by a physician selected by the college at its expense. In the event medical evidence does not substantiate a claimed temporary disability, use of sick leave credits shall be disallowed and the employee shall be placed on leave without pay.

(d) Subject to prior approval of the chief administrative officer, an employee shall be allowed to use up to a maximum of 30 days of sick leave from July 2 of each year to July 1 of the succeeding year accumulated pursuant to sections 1 and 2 of this Title for absences from work necessitated by a death or illness in the employee's immediate family. The chief administrative officer's approval of requests for sick leave for purposes described in this subdivision shall not be unreasonably withheld.

(e) The chief administrative officer may require an employee who has been absent due to a temporary disability, prior to and as a condition of return to work, to be examined, at the expense of the college, by a physician selected by the College, to establish that the employee is no longer disabled and that a return to work will not jeopardize the health of other employees. Such examination may not be regularly required.

(f) Subject to prior approval of the chief administrative officer, an employee certified as visually handicapped by the New York State Commission for the Blind and Visually Handicapped shall be allowed to use, up to a maximum of 26 days in any one calendar year, sick leave accumulated pursuant to sections 1 and 2 of this Title for the purpose of obtaining a guide dog and required training related thereto. Upon written request, the chief administrative officer also may, in the chief administrative officer's discretion, advance up to 26 days of sick leave for the purposes described in this paragraph to such certified employee who has exhausted accumulated leave credits, provided the cumulative total of sick leave credits charged and/or advanced for this purpose does not exceed 26 days in any one calendar year. Such advanced sick leave credits shall be repaid, as soon as practicable after the employee's return to duty, from subsequent accumulations of time credits. The outstanding unrepaid sick leave credits advanced to an employee under the provisions of this paragraph shall not at any time exceed a total of 26 days. The chief administrative officer's approval of requests for sick leave for purposes described in this paragraph shall not be unreasonably withheld.

Additional sick leave at full or partial salary, together with use of any sick leave provided by sections 1 and 2 of this Title, shall not exceed a total of six calendar months. Additional sick leave without salary shall not exceed one calendar year. Additional sick leave at full or partial salary pursuant to this paragraph shall not be approved until all sick leave credits accumulated pursuant to sections 1 and 2 of this Title have been exhausted.

(b) The chief administrative officer may grant an employee sick leave in addition to that provided by paragraph (a) of this section. Such additional sick leave may be at full salary or such part thereof as the chief

administrative officer may determine, or without salary. The Chancellor may require submission of such leave requests by an institution for approval when the Chancellor deems it in the best interest of the University.

(c) Prior to being granted additional sick leave provided by this section, an employee may be required to furnish such medical evidence from the employee's physician as may be requested or submit to medical examination by a physician selected by the college or University at its expense.

6. **Charges.** When an employee is on sick leave, the employee shall not be required to charge sick leave credit for any day upon which the employee would not have been required to be available to work had the employee not been on sick leave.

The college chief administrative officer may designate two holidays as floating holidays in lieu of the holidays set forth above. The college chief administrative officer may designate an alternate date on which one of the holidays is to be observed. If a second holiday is designated, the employee may select a date on which to observe the second holiday, with the approval of the employee's supervisor and consistent with the operating needs of the campus. The employee must observe such second holiday before the beginning of the next academic year. The college chief administrative officer's designation shall be announced following consultation with the certified representative of employees in the professional service in September of the academic year.

(b) An employee who is eligible to observe holidays shall be granted a compensatory day off when any holiday specified in subdivision (a) of this section falls on a Saturday, a Sunday, or a pass day.

(c) An employee who is eligible to observe holidays who is required to work on a holiday shall be granted a compensatory day off. An employee who is eligible to observe Thanksgiving or Christmas, and who is required to work on such holiday, shall be granted one and one-half compensatory days off.

(d) For employees in the professional services bargaining unit, effective July 1, 2019, an employee who is eligible to observe holidays who is required to work on New Year's Day shall be granted a compensatory day off or, at the employee's election, additional compensation at the rate of one-tenth of the employee's bi-weekly rate for each such full day worked in lieu of the compensatory day off. An employee who is eligible to observe Thanksgiving or Christmas, and who is required to work on such holiday, shall be granted one and one-half compensatory days off or, at the employee's election, additional compensation at the rate of three-twentieths of the employee's bi-weekly rate for each such full day worked in lieu of compensatory time off.

(1) Compensatory time or additional compensation shall be pro-rated for less than a full day of work. Compensatory time or additional compensation shall be pro-rated for regularly scheduled work in excess of the standard workday worked on a holiday. The additional compensation rate shall include all payments normally included in the bi-weekly gross salary.

(e) Compensatory days off shall be scheduled at times mutually convenient to the employee and the University, and used within one year of accrual or forfeited.

Title E. Sabbatical Leave

1. **Policy.** Sabbatical leaves for professional development may be made available to members of the professional staff who meet the requirements set forth below. The objective of such leave is to increase an employee's value to the University and thereby improve and enrich its program. Such leave shall not be regarded as a reward for service nor as a vacation or rest period occurring automatically at stated intervals.

2. **Purpose.** Sabbatical leaves shall be granted for planned travel, study, formal education, research, writing, or other experience of professional value.

3. **Eligibility.** Academic employees having continuing appointments and college administrative officers not in a negotiating unit established pursuant to Article XIV of the Civil Service Law who have completed at least six consecutive years of service within the University or who, if they previously have had a sabbatical leave, have completed at least six consecutive years of service within the University from the date of return from their last sabbatical leave, shall be eligible for sabbatical leave. In computing consecutive years of service for the purpose of this section, periods of vacation leave and periods of sick leave with salary shall be included; periods of leaves of absences, other than vacation and sick leave with salary, and periods of part-time service shall not be included but shall not be deemed an interruption of otherwise consecutive service.

4. **Terms and Conditions.** Sabbatical leaves may be granted for periods of one year at rates not to exceed one-half basic annual salary or for periods of one-half year at rates not to exceed full basic annual salary. Eligible employees on sabbatical leave may, with the prior approval of the chief administrative officer, accept fellowships, grants-in-aid, or earned income to assist in accomplishing the purposes of their leaves. In such cases, the chief administrative officer may adjust the sabbatical leave salaries to reflect such income, either prior to or during the periods of such leaves, provided, however, that in no case shall sabbatical leave salary be reduced if total earnings are less than full salary.

5. **Applications.** Applications for sabbatical leaves shall be submitted to the chief administrative officer as far in advance as possible of the requested effective date of the leave, but in no event later than six months in advance of such date unless such requirement is expressly waived by the chief administrative officer. Each application shall include a statement outlining the program to be followed while on sabbatical leave, indicating any prospective income, stating that the applicant will continue as a member of the professional staff for a minimum of one year upon return, and stating that upon return the applicant will submit to the chief administrative officer a detailed report of professional activities and accomplishments while on sabbatical leave.

6. **Approval.** Consistent with provisions of section 4 of this Title, the chief administrative officer may approve such sabbatical leave as the chief administrative officer deems appropriate and such leave shall be reported to the Chancellor.

7. **Leave Credits.** Vacation leave and sick leave credits shall not be accrued or used during sabbatical leave.

Title F. Other Leaves

1. Approval.

(a) Other Leaves for Academic Employees. The chief administrative officer may grant other leaves of absence for employees at full salary or reduced salary, or without salary, for the purpose of professional development, acceptance of assignments of limited duration with other universities and colleges, governmental agencies, foreign nations, private foundations, corporations and similar agencies, as a faculty member, expert, consultant, or in a similar capacity, or for other appropriate purposes consistent with the needs and interests of the University. Leave of absence without salary may also be granted under appropriate circumstances, for the purpose of child care. Leaves of absence at full or reduced salary pursuant to provisions of this section shall be reported to the Chancellor. The Chancellor may require submission of such leave requests by an institution for his approval when he deems it in the best interest of the University.

(b) Leaves of Absence for Professional Employees and Other Professional Staff. The chief administrative officer may grant other leaves of absence for employees at full salary or reduced salary, or without salary, for the purpose of professional development, acceptance of assignments of limited duration with other universities and colleges, governmental agencies, foreign nations, private foundations, corporations and similar agencies, as a faculty member, expert, consultant or in a similar capacity, or for other appropriate purposes consistent with the needs and interests of the University. Leave of absence without salary may also be granted under appropriate circumstances, for the purpose of child care. Leaves of absence at full or reduced salary pursuant to provisions of this section shall be reported to the Chancellor. The Chancellor may require submission of such leave requests by an institution for approval when the Chancellor deems it in the best interest of the University.

2. **Application.** Applications for such leaves of absence shall be made to the chief administrative officer. Each such application shall include a statement of the purpose for which the leave is requested, its anticipated duration and its values to the applicant and the University.

3. **Leave Credits.** Vacation leave and sick leave credits shall not be accrued or used during a period of leave pursuant to provisions of this section.

Title G. Disability Leave

1. Disability Leave.

(a) Upon being discontinued from service in accordance with provisions of the State University Group Disability Insurance Program, an employee shall be granted a leave without pay for disability and shall be continued on such leave without pay until the disability ceases, the disability benefits would cease under the terms outlined in the Group Long Term Disability Insurance Certificate, regardless of eligibility, or death, whichever event occurs first. Notwithstanding the foregoing, after five calendar years on such leave, an employee shall not have any right or entitlement to be restored to regular employment status. For purposes of the State University Group Disability Insurance Program, the chief administrative officer may require an employee to be examined by a physician selected by the college at its expense. Determination that a disability exists may be made by the chief administrative officer upon the advice of the college's examining physician. Notwithstanding the failure of an employee to cooperate with the college's examining physician, a determination that a disability exists may be made by the chief administrative officer upon advice of the

college's examining physician that there are reasonable grounds to assume that a disability benefit would be payable in accordance with the State University Group Disability Insurance Program. If the chief administrative officer determines, in accordance with the provisions of this section, that a disability exists, the employee must apply for disability benefits under the State University Group Disability Insurance Program. In the event the employee does not apply for disability benefits, the employee shall be placed on disability leave without pay. If, upon a finding that an employee is not disabled, the disability insurance carrier disapproves an employee's application for benefits, the employee shall be restored to regular employment status.

(b) Discontinuation from Service of Employees not Covered by the State University Group Disability Insurance Program. Upon being discontinued from service as a result of a disability that prevents performance of the employee's duties, an employee shall be granted a leave without pay until the disability ceases, the disability benefits would cease under the terms outlined in the Group Long Term Disability Insurance Certificate, regardless of eligibility, or death, whichever event occurs first. Notwithstanding the foregoing, after five calendar years on such leave, an employee shall not have any right or entitlement to be restored to regular employment status. For purposes of determining the existence of such a disability, the chief administrative officer may require an employee to be examined by a physician selected by the college at its expense. Determination that a disability exists may be made by the chief administrative officer upon the advice of the college's examining physician. Notwithstanding the failure of an employee to cooperate with the college's examining physician, a determination that a disability exists may be made by the chief administrative officer upon advice of the college's examining physician that there are reasonable grounds to assume that a disability exists that would prevent an employee from performing the employee's duties. If the chief administrative officer determines, in accordance with the provisions of this section, that such a disability exists, the employee shall be placed on a disability leave without pay. Where appropriate, the chief administrative officer, after consulting with the college's examining physician, may refer the employee to an employee assistance program or to other service agencies. The employee, however, shall be permitted to use any and all sick leave credits which have been accumulated pursuant to Title C, sections 1 and 2 of this Article and may request additional sick leave pursuant to Title C, section 5. An employee who has been placed on disability leave without pay pursuant to this section may subsequently request to be restored to regular employment status. Such request must be submitted in writing to the chief administrative officer accompanied by suitable medical evidence from the employee's physician that the employee no longer has a disability that would prevent performance of the employee's duties. Following receipt of such submissions, the chief administrative officer may require the employee to be examined by a physician selected by the college at its expense prior to making a determination whether to restore the employee to regular employment status. Upon a finding by the college's examining physician that the employee no longer has a disability that would prevent performance of the employee's duties, the employee shall be restored to regular employment status. Upon a finding by the college's examining physician that the employee continues to have a disability that prevents performance of the employee's duties, the chief administrative officer may require the employee to be examined by a physician from the New York State Department of Civil Service Employee Health Service at the college's expense prior to making a determination whether to restore the employee to regular employment status. The determination of whether to restore the employment status may be made by the chief administrative officer upon the advice of the physician from the employee health service concerning the existence of a disability which would prevent the employee from performing the employee's duties.

Title H. Study Leaves for the Chancellor and Chief Administrative Officers

1. *Third Year of Service.* The Board of Trustees may grant the Chancellor and the chief administrative officer of each college a two-month study leave at full salary during every third year of service subsequent to the date of initial appointment or the date of the last leave taken pursuant to this Title. (b) If the unauthorized absence without written explanation continues for a total of 30 consecutive workdays the employee shall be deemed to have resigned.

(c) If, prior to being deemed to have resigned, an employee provides suitable medical evidence in accordance with Title C, section 4, subdivision (c) of this Article, which substantiates a claim of temporary disability, the employee may be placed on sick leave. Any sick leave under this subdivision shall commence upon substantiation of a claim of temporary disability by suitable medical evidence.

2. *Absence: Extraordinary Circumstances.* An employee who has reported for work and, because of extraordinary circumstances beyond the employee's control, for example, extreme weather conditions or physical plant breakdown, is directed by the chief administrative officer, or designee, to leave work, shall not be required to charge such directed absence during such day against leave accruals. Any such release of employees shall not create any right to equivalent time off by employees who are not directed to leave work.

Title K. Limitations

1. Term Appointments. Nothing contained herein shall be deemed to extend the term of appointment of employees, and all leaves of absence shall, in any event, terminate upon the expiration of such appointment.

Members of the professional staff who wish to retire at an age earlier than 70 under the provisions of the retirement systems of which they are members shall, prior to applying for such retirement, notify and consult with the chief administrative officer of the college concerned with respect to the effective date of such retirement.

Title C. Retirement for Physical or Mental Incapacity

1. **Policy.** Professional staff employees may be retired and their services terminated by the Board of Trustees, after receipt of the recommendation of the Chancellor and upon medical advice, for mental or physical incapacity that prevents such persons from adequately performing their duties.

Title D. Privileges after Retirement

1. **Emeritus Status.** Members of the University faculty who retire in good standing, in accordance with the provisions of Title B or C of this Article shall be entitled to append the term “Emeritus” to the title of their academic or administrative post after the time of retirement.

2. **Privileges.** Emeritus rank shall carry with it such of the following privileges which, in the judgment of the chief administrative officer, are feasible: use of library and study facilities, use of office and laboratory space, eligibility for research grants, and representation of the University in professional groups.

ARTICLE XVI: PLAN FOR THE MANAGEMENT OF CLINICAL PRACTICE INCOME

1. **Policy.** It is the policy of the University that each school of medicine and dentistry and the College of Optometry shall have a plan for the management of clinical practice income that is consistent with the requirements set forth in this Article.

2. **Development of Plan.** The Chancellor shall take all necessary steps to develop and implement plans for the management of clinical practice income consistent with this Article and with the provisions of the applicable collective bargaining agreement. Nothing contained in the plan shall allow actions to be taken by the individual plan members or any governing board that are inconsistent with the educational mission of the college.

3. **Implementation of Plan.** Any plan that is determined pursuant to such a collective bargaining agreement to be consistent with the requirements of section 4 of this Article shall be implemented by the Chancellor as soon as the governing board of such plan is elected pursuant to section 4 (c) (2) of this Article or convened by the Chancellor should an election not occur, or within 45 days after a determination made pursuant to the applicable collective bargaining agreement, whichever is earlier. The Chancellor shall provide written certification to the Director of the State Division of the Budget, the Director of the Governor’s Office of Employee Relations, the State Comptroller, and the certified representative of employees in the Professional Services Negotiating Unit that any plan consistent with the requirements of section 4 of this Article has been implemented.

4. **Plan Requirements.** Any clinical practice management plan shall be consistent with the following requirements:

(a) **Definitions.**

(1) “Chief administrative officer” shall mean the president. The president shall assure that no actions are taken under the clinical practice plan that are inconsistent with the educational mission of the college.

(2) “Clinical practice” shall mean the act of providing all forms of medical and health care, including patient consultations, and the act of performing clinical investigation involving patients, for

which acts a fee for professional service is customarily charged. Clinical practice may be organized along departmental, multi- departmental, or institutional-wide lines. Clinical practice shall be restricted to facilities of a health sciences or medical center, school of dentistry, College of Optometry, or affiliated institution except:

- (a) For unusual circumstances or consultation;
- (b) During periods of vacation, in the case of calendar year employees;

(3) "Clinical practice income" shall mean the income from fees for professional services rendered in connection with clinical practice, including salaries paid by affiliated institutions, but excluding any income derived from clinical practice at facilities other than those of a health sciences or medical center, school of dentistry, College of Optometry, or affiliated institution:

- (c) During such other times as may be mutually agreed upon by the employee and the chief administrative officer or designee after discussion of elements, including but not necessarily limited to institutional objectives and the employee's commitments as a faculty member to instruction, research, clinical service, and facility utilization. State basic annual salary, research grants, royalties, honoraria for lectures, and income unrelated to patient care are not considered clinical practice income. The chief administrative officer or designee may, in his or her discretion, waive from inclusion in clinical practice income salaries paid by affiliated institutions to specific employees, if in his or her judgment it is in the best interest of the institution, provided, however, such salaries shall be included in determining maximum allowable compensation.

(4) "Basic annual salary," for the limited purpose of this Article, shall mean that salary which is obtained from the direct appropriation of state monies for the purpose of paying wages that may not exceed the maximum state salary for an employee's academic rank.

(b) Participation in a plan for the management of clinical practice.

(1) Any employee who meets all of the following criteria must be a member of a plan for the management of clinical practice:

- (a) Serves in a position of academic or qualified academic rank in a school of medicine or dentistry in a State University health sciences or medical center, or College of Optometry, and who is not an intern, resident, or fellow.

(b) Performs the professional clinical practice of medicine, dentistry, or optometry for which a fee for professional services is customarily charged, or a salary is customarily paid.

(1) The governing board may make provision for voluntary memberships for persons not required to participate but whose membership would be mutually beneficial.

(2) The chief administrative officer or designee, with the approval of the Chancellor, may grant exemptions from membership to employees whose primary employment is not with the State University of New York and who have only a limited connection with the State University.

(c) Governing Board.

(1) Management of the plan. Subject to the requirements contained in section 4 of this Article, the day-to-day management of any plan shall rest in the governing board of the plan including, but not limited to, authority to review accounts, transmit reports to the chief administrative officer, and establish supplementary guidelines for expending clinical practice income. For purposes of auditing and accounting, the governing board may, where appropriate, develop procedures to preserve patient confidentiality. Minutes of governing board meetings shall be circulated to each department and be available, at any reasonable time, for inspection by members of the practice plan. The members of the governing board shall be accountable to the University to implement and carry out its responsibilities set forth in this section.

(2) Composition and election. The governing board shall consist of one person from each clinical department in the school or college to which the plan pertains, elected once a year by majority vote of the members of such department who are required to be members of a plan for the management of clinical practice, plus one at-large member from the basic science faculty elected by a majority vote of the members of such faculty. Procedures for the election of the governing board, which shall provide for secret ballots and equal voting rights for eligible voters, shall be established by the college president and the chapter president of the certified representative of employees in the Professional Services Negotiating Unit, subject to the approval of the Chancellor, no later than 15 days from the date a plan is received by the Chancellor for implementation after a determination that the plan is consistent with the requirements of this section. Provided, however, if an election has not been conducted 45 days following a determination that a plan is consistent with the requirements of this section, the Chancellor shall convene a governing board.

(3) Ex officio members. The chief administrative officer, or designee, and the dean shall be nonvoting members of the governing board.

(4) Subject to the requirements contained in this section, the governing board shall have the power to develop and promulgate operating procedures for the orderly transaction of its functions, including, but not limited to quorums, officers, terms of office, meetings, and other items consistent with the requirements of this section.

(d) Accounting. Each plan shall provide for a central billing and accounting system under the control of the governing board. The accounting system shall provide a means to record transactions respecting collection and disbursement of clinical practice income including, but not limited to, such transactions involving a plan member, department, school of medicine or dentistry, College of Optometry, health sciences center, or medical center. All accounts shall be available at any reasonable time for inspection by the Chancellor, or designee, the chief administrative officer, or designee, and representatives of the State Division of the Budget and Department of Audit and Control. Monthly reports shall be forwarded to the Office of the Vice-Chancellor for Finance and Business as determined by that office. The governing board shall provide copies of the annual audit to plan members at least once each year. The governing board, or in the case of a plan organized along departmental lines, the department, shall provide each plan member an account of the amounts billed and collected as a result of the plan member's clinical practice and a summary of those accounts for which payment has not been received. Any professional or academic employee who is a plan member may authorize, on her or his behalf, the duly certified employee organization representing the Professional Services Negotiating Unit to request such information no more frequently than twice each year. Each plan member shall be required annually to provide such data as may be necessary for the institution to comply with the appropriate sections of the Public Health Law. Where clinical practice at an institution is organized along departmental lines, the Chancellor shall approve a departmental billing system if the Chancellor determines it adequately complies with the above standards. In no event shall individual plan members be permitted to bill directly for fees for professional services.

(e) Auditing. All accounts shall be audited annually by independent auditing firms chosen by the governing boards to determine whether the operations of each plan for the management of clinical practice have been conducted in accordance with generally accepted accounting principles, the provisions of the plan for the management of clinical practice, and supplementary guidelines for disbursement of clinical practice income developed by a governing board.

(f) Maximum allowable compensation. At least once annually, the chief administrative officer or designee shall provide to each employee who is required to be a member of the clinical practice plan a statement in writing that sets forth the maximum allowable compensation, which such employee may earn from all sources, including state basic annual salary, clinical practice income as previously defined, salary from an affiliated hospital and research grants, but excluding royalties, honoraria, and income unrelated to patient care, provided, however, that compensation from a research sponsor shall be subject to the regulations of the sponsor. Such maximum allowable compensation shall be arrived at by the chief administrative officer or designee after consultation with the employee, the employee's department chairperson, and the dean, and after considering the employee's present commitments and future goals in teaching, patient care, and research, as well as the amount of clinical practice income attributable or likely to be attributable to the employee. With due consideration of the factors stated above, an employee's maximum allowable compensation shall not be unreasonably fixed at less than 250 percent of maximum state basic annual salary for the employee's rank when clinical practice income attributable to the employee, or available to the employee under provisions of a plan for management of clinical practice, permits maximum allowable compensation to be fixed at such percentage. Except as specifically provided hereafter, the maximum allowable compensation may not exceed 250 percent of the maximum state basic annual salary for a member's rank. In special circumstances relating to recruitment of employees, the chief administrative officer or designee may authorize a newly recruited employee who is required to be a member to receive more than 250 percent of the maximum salary for such member's rank, if in the chief administrative officer's judgment the best interest of the institution is served, but in no event shall this authorization extend beyond the first two years of such member's employment. With the approval of the Chancellor, or designee, the maximum allowable compensation of individual plan members may

be increased to 275 percent of the maximum state basic annual salary. In exceptional cases related to the retention of physicians in difficult to retain specialties, the employee's maximum allowable compensation may exceed 275 percent with the approval of the Chancellor or designee. In making such recommendations, the chief administrative officer shall give due consideration to the competition for individuals in the particular specialty as indicated by the Association of the American Medical Colleges' compensation data, and the hospital and other revenue generated by the employee's clinical activities. Such exceptions shall not exceed five percent of the total number of physicians on a system-wide basis. The state shall pay fringe benefits only on the state basic annual salary. With the approval of the chief administrative officer or designee, the state and the certified representative of employees in the Professional Services Negotiating Unit, and members of a clinical practice management plan at each school may elect by majority vote an alternate compensation method in which case plan members may be permitted to earn and retain amounts generated that exceed 200 percent of the maximum allowable state salary for such member's rank provided, however, that 50 percent of such amounts authorized to be earned above the 200 percent level shall be paid into the fund in section 4 (g) (1). With the approval of the Chancellor, or designee, individual members of plans that have adopted the alternate compensation method may be permitted to earn and retain amounts that exceed 225 percent of the maximum allowable state salary for such member's rank provided, however, that 50 percent of such amounts authorized to be earned above the 225 percent level shall be paid into the fund in section 4 (g) (1). If selected, the alternate method shall be in lieu of the method of compensation first described in this subdivision. After an approved clinical practice plan has been fully operational for a period of 12 months, the members of the plan may, subject to the approval of the Chancellor, State, and the certified representative of employees in the Professional Services Negotiating Unit, elect by majority vote to change the method of compensation initially selected, provided, however, the methods of compensation are limited to the two methods provided in this subdivision.

(g) Disbursement of clinical practice income. Provisions for disbursement of clinical practice income shall provide for the following in order of priority.

(1) Five percent of the gross clinical practice income from each plan for the management of clinical practice shall be deposited into a fund at the school of medicine or dentistry or College of Optometry whose plan members generated the income to be administered by the chief administrative officer, or designee, for the benefit of the school of medicine or dentistry, or College of Optometry, provided, however, that \$60,000 of such funds, which shall be collected proportionately based on the amount of gross clinical practice income generated by each of the plans, shall be available for University-wide health sciences purposes.

(2) The state shall be reimbursed for the costs of clinical practice experienced by it as a consequence of clinical practice by plan members that are regular and customary costs of a practitioner, not a hospital, including but not limited to use of facilities, personnel, supplies and equipment. Reimbursement to the state for the costs of clinical practice will be made pursuant to a formula established by the chief administrative officer in consultation with the governing board of the practice plan and approved by the Chancellor in consultation with the Governor's Office of Employee Relations. Such funds will be deposited into the Debt Service/State University Income Fund for transfer to the respective hospital operations IFR accounts. Affiliate institutions may be reimbursed with the approval of the Chancellor or designee for appropriately documented costs of clinical practice experienced by them as a consequence of clinical practice by plan members that are regular and customary costs of a

practitioner, not a hospital, including but not limited to use of facilities, personnel, supplies and equipment.

(3) Payment of all other costs of clinical practice determined in accordance with generally accepted accounting principles and allowable to a practitioner as a deductible cost or expense under current federal Internal Revenue Service guidelines.

(4) Employees required to participate in a plan for the management of clinical practice may be paid an amount from clinical practice income which, together with compensation from all other sources (exclusive of fringe benefits), does not exceed the maximum allowable compensation arrived at in consultation with the chief administrative officer or designee, dean, department chairperson, and the employee, or such excess amounts authorized by the chief administrative officer or designee pursuant to section (f); provided, however, that no disbursements from clinical practice income for compensation of a plan member may be made where such income was not earned by the member unless there is specific provision for such disbursement in the plan for the management of clinical practice.

(5) An amount (not to exceed the rate the State University contributes for retirement to TIAA-CREF) of the cash payment made under subdivision 4 to the employee from clinical practice income may be used to purchase an annuity, provided, however, that any portion of such cash payment on which retirement contributions have already been made shall be excluded from the calculation to be made herein.

(6) Remaining clinical practice income shall remain in a school of medicine or dentistry, or College of Optometry, and shall be used for the benefit of the school of medicine or dentistry, College of Optometry, or departments thereof, as determined by the chief administrative officer, or designee, after consultation with the governing board.

ARTICLE XVII: STUDENT ASSEMBLY

Title A. Establishment and Purpose

1. Name. There shall be a Student Assembly of State University of New York.

2. Purpose. The Student Assembly shall be the official organization by which State University students participate in University-wide governance. The Student Assembly shall provide the following:

(1) A forum for consultation and the exchange of information between State University students, the Chancellor, and the State University of New York Board of Trustees on matters of a University-wide nature which affect student concerns; and

(2) A communications network for campus student government leaders.

The Student Assembly shall exercise such other responsibilities as the Chancellor or the State University Board of Trustees refer to it.

Title B. Membership in the Assembly

1. **Membership.** The Student Assembly shall consist of representatives from member institutions, and organized student groups as hereinafter defined.

2. **Member Institutions.** Each campus of the State University shall be a member institution according to the following: the Graduate Division of each of the doctoral degree granting institutions; the Undergraduate Division of each of the doctoral granting institutions; each of the other State-operated campuses; each community college; New York State College of Ceramics at Alfred University; and one from the four statutory colleges at Cornell University.

3. Representatives from Member Institutions.

(a) Each member institution of the Student Assembly shall have one representative for each full-time 4,000 equivalent students or fraction thereof. For the purpose of this section, full-time equivalent students shall be the number of full-time equivalent students in attendance at a member institution during the fall semester of the previous calendar year, as determined by State University.

(b) The first representative of each member institution shall be that institution's student government president. Additional representatives from member institutions, which exceed the 4,000 FTE base enrollment, shall be duly elected annually from among and by the students of that institution through a campus-wide election in accordance with procedures promulgated by the campus student government body, provided, however, that any such election scheduled for the Spring 2020 semester shall be postponed and shall occur between the dates of September 8 and September 20, 2020, for each campus holding such an election. Any representative or officer serving in the Spring 2020 semester from a campus that has postponed its election until the Fall of 2020 shall remain in such position until the Fall 2020 election. If an election held in the Spring 2020 semester occurred prior to March 26, 2020, the results of such election shall remain in force and shall not be impacted by this postponement. In the case of the statutory colleges, representatives must be statutory college students elected in accordance with procedures promulgated by the campus student government body.

(c) In cases where multiple student governments exist, the first representative shall be elected from among the student government presidents according to a campus election procedure adopted by written agreement of the campus student governments; in the absence of such an election, the president of the student government representing the greatest number of FTE students will be the first campus representative to the Student Assembly.

(d) Each member institution shall designate the officers next in line of succession to the student government president. Each designee may serve as an alternate for any representative of the member institution who is not able to attend a Student Assembly meeting.

4. Organized Student Groups.

(a) Students representing constituencies traditionally underrepresented within the Student Assembly shall have an opportunity to meet, communicate, and recommend resolutions for consideration by the Student Assembly. The opportunity for these students to voice their concerns will enable the Student Assembly representatives to consider concerns and viewpoints that may not otherwise be introduced. In support of this important effort, the Student Assembly shall prepare a list of "organized student groups,"

consisting of student organizations requesting “organized student group” designation, which are established pursuant to written bylaws and which have chapters of ten or more full or part-time students at 10 or more campuses.

(b) After providing annual public notice and conducting an open hearing, the Student Assembly shall select those “organized student groups”, which:

- (1) Are likely to remain in existence for more than one academic year;
- (2) Represent points of view not adequately represented in the Student Assembly or the Executive Committee; and
- (3) Will not be adequately represented without participation in the Student Assembly or the Executive Committee by duly-elected representatives.

(c) Each selected organized student group shall be considered a standing committee of the Student Assembly. As a standing committee, it will meet to discuss issues of particular interest to its members and forward resolutions to the Student Assembly and the Executive Committee.

(d) Each organized student group will be allocated one nonvoting representative to the Student Assembly and the Executive Committee, who shall be a student. The nonvoting representative will enjoy all the privileges accorded to representatives. Additionally, members of the organized student groups may serve on such other committees of the Student Assembly as appropriate.

(e) A group shall not be designated an “organized student group” or be seated in the Student Assembly if it has a policy or practice of restricting membership on the basis of race, religion, national origin, gender, sexual orientation, disability, marital status, or age.

(f) Each organized student group shall elect its representatives to the Student Assembly and the Executive Committee from among the students elected by the campus chapters to serve on the organized student group. The campus selection process and the organized student group representatives’ election process shall be included in the Student Assembly Bylaws.

5. **Eligibility.** Any representative from a member institution or organized student group or an alternate for a representative selected in accordance with 3(d) above must be a student enrolled for credit who is included in a campus FTE base and meets the campus' requirements to stand for election and continues to be eligible to serve on the campus student government organization.

6. **Representatives to Act in Person.** Representatives shall act in person and not by proxy. An alternate is not considered a proxy and has all the voting rights assigned to a representative.

Title C. Officers

1. **Officers.** The officers of the Student Assembly shall be the President, Vice-President, Secretary, and Treasurer.

2. **Duties.** The duties of the officers shall be as follows:

(a) **President.** The President of the Student Assembly shall preside at all meetings of the Student Assembly and shall exercise such other powers and duties as may be vested in the President by this Article and

the Bylaws of the Student Assembly. The President shall be an official member of all Student Assembly committees, be responsible for a transition of officers between the time of election and June 1, and serve as the student member of the State University of New York Board of Trustees.

(b) Vice-President. The Vice-President shall perform such duties as prescribed by the President or the Student Assembly. In the absence of the President, the Vice-President shall perform all duties vested in the President by this Article and the Bylaws of the Student Assembly, except serving as a member of the State University of New York Board of Trustees. In the event the President resigns or is no longer eligible to serve, the Vice President shall become the President for the remainder of the term. The primary role of the Vice-President is to support the activities of the various committees of the Student Assembly.

(c) Treasurer. The Treasurer shall perform such duties as prescribed by the President or the Student Assembly. The Treasurer is the chief fiscal officer of the Student Assembly.

(d) Secretary. The Secretary shall perform such duties as prescribed by the President or the Student Assembly. The Secretary is the chief communications officer of the Student Assembly.

3. **Election of Officers.** Officers shall be elected by the members of the Student Assembly at its annual business meeting, provided, however, that any such election scheduled for the annual business meeting occurring during the Spring 2020 semester shall be postponed and shall occur between the dates of September 8 and September 30, 2020, and, notwithstanding the provisions of sections 341.12 and 341.13 of this part, any officers serving in the Spring 2020 semester shall remain in such positions until such election. To stand for election as an officer, an individual must be eligible to serve as a representative from the institution, must have at least a 2.5 cumulative GPA, must be enrolled at a State University of New York campus, and be nominated by a representative.

4. **Eligibility to Serve.** In order to continue to serve as an officer, an individual must maintain eligibility to stand for election, in accordance with section 5 of Title B of this Article, must maintain a 2.25 cumulative GPA or higher, and must be enrolled at a State University of New York campus, provided, however, that any officers serving in the Spring 2020 semester shall remain in such positions until the Fall 2020 election notwithstanding failure to meet eligibility requirements. For the purposes of this section, eligibility to continue in service shall be determined at the end of each semester. Once eligibility is lost, it cannot be regained by transfer to a new institution.

5. **Terms of Office.** Officers shall hold office for one year or until their successors are installed. This one-year term shall be from June 1 of the election year to May 31 of the following year, provided, however, that any officers serving in the Spring 2020 semester shall remain in such positions until the Fall 2020 election. Officers may serve no more than two terms per each office contingent upon the person's continued eligibility to serve as a member of the Student Assembly.

6. **Officer Vacancies.** Vacancies shall occur in the position of Student Assembly officer upon the death, recall by the Student Assembly, resignation, incapacity as determined by the Student Assembly, loss of member status, loss of eligibility to serve as a representative, or loss of student status by the incumbent. Officer vacancies may be filled for the remaining portion of the unexpired term of office through an election at the next meeting of the Student Assembly or according to alternate Bylaw procedures.

Title D. Organization

1. **Meetings.** The Student Assembly shall meet at least once each semester with the dates and places to be determined by the Student Assembly. The annual business meeting must be held during the month of April. Special meetings may be called by the Executive Committee, by the request of one-quarter of the Student Assembly representatives, one-quarter of the member institutions, or the Chancellor; the date and place of a special meeting shall be determined by the Executive Committee, and the meeting must be held no later than 30 days following the request to hold such a meeting.

2. **Agenda.** The agenda for each regularly scheduled or special meeting of the Student Assembly will be established according to procedures outlined in the Bylaws. All meetings of the Student Assembly shall include the opportunity for the Chancellor or designee to address the membership.

3. **Meeting Notification.** Notice of all regularly scheduled or special Student Assembly meetings will be sent to all representatives, State University campus presidents, the Chancellor, and other State University offices as may be designated by the Chancellor. The notice must be sent at least 30 days in advance for regularly scheduled meetings and seven days in advance for special meetings, and must include the time, date, and place of the meeting, an agenda of scheduled business, and other items as may be required by the Student Assembly Bylaws.

4. Executive Committee.

(a) There shall be an Executive Committee of the Student Assembly to conduct necessary business between meetings of the Student Assembly and other matters as prescribed by this Article or the Bylaws. The Executive Committee shall include the officers of the Student Assembly and the designated number of representatives from the following: three representatives from the doctoral degree-granting institutions (undergraduate division); three representatives from the University Colleges; two representatives from the Colleges of Technology, Agriculture and Technology, and Statutory Colleges; two representatives from the doctoral degree-granting institutions (graduate division); six representatives from the Community Colleges, and one nonvoting student representative from each standing committee. In order to serve as a member of the Executive Committee, an individual must be a student at a State University of New York campus and must maintain a cumulative GPA of 2.0 or higher.

(b) The members of the Executive Committee shall be elected by and from among the representatives of the designated constituencies according to procedures outlined in the Bylaws. Each designated constituency shall elect from among its representatives alternate(s) to serve in the absence of its representative(s) to the Executive Committee.

(c) **Meetings.** Meetings of the Executive Committee are to be determined by its members with the requirement that all meeting notices required of the Student Assembly meetings be followed except for the time of notification, which will be seven days for Executive Committee meetings. The President of the Student Assembly shall serve as the presiding officer of the Executive Committee.

(d) **Institutional Classification.** The Student Assembly is empowered, via its bylaws, to, as necessary, classify member institutions for representation on the Executive Committee in accordance with the history and mission of each individual institution.

5. Other Committees.

(a) The Student Assembly may establish such other standing and ad hoc committees as it deems advisable and shall prescribe the functions of such committees. The membership of such committees is to be determined by the Student Assembly, according to the Bylaws, and from among the students, faculty, and staff of the State University of New York. Each standing committee will be allocated one nonvoting student representative to the Student Assembly and the Executive Committee. The nonvoting student representative will enjoy all the privileges accorded to representatives and shall be elected by and from the members of the standing committee.

(b) All committee reports shall be addressed to the Student Assembly. Committee reports and recommendations shall be in writing and shall be mailed to the Student Assembly members 14 days in advance of the meeting at which they are to be considered by the Student Assembly.

6. **Quorums.** A quorum for the transaction of business at any meeting of the full Student Assembly shall consist of 40 percent of the duly elected or appointed and voting representatives of that body with at least 40 percent of the community colleges and 40 percent of all other member institutions in attendance. The quorum for the transaction of business at any meeting of the Executive Committee or other duly constituted committee of the Student Assembly shall consist of a majority of the duly elected or appointed and voting members of such committee.

7. **Rules of Procedure.** Procedures at the meetings of the Student Assembly, the Executive Committee, or other duly constituted committees shall be governed by Robert's Rules of Order, except as otherwise provided by this Article or the Bylaws.

Title E. Bylaws of the Student Assembly

1. Bylaws.

(a) The Student Assembly shall adopt and may amend or repeal such Bylaws as it deems advisable, consistent with this Article, governing its activities and procedures.

(b) The adoption, amendment, or repeal of such Bylaws must receive a two-thirds vote of the Student Assembly membership.

Title F. Amendments

1. **Amendments.** The Board of Trustees shall approve all amendments to this Article. Amendments may be proposed by a member of the State University of New York Board of Trustees, the Student Assembly, the Chancellor, or a Board designated committee. The Student Assembly may propose amendments to the State University of New York Board of Trustees by a majority vote of Student Assembly members present at a Student Assembly meeting. The president shall convey the text of any proposed amendment(s) in writing to each member at least 14 days prior to its consideration by the Student Assembly. Amendments proposed by the Student Assembly shall be submitted by the Chancellor to the Board of Trustees with recommendations. Unless otherwise provided, all amendments will become effective upon approval by the Board of Trustees.
