ONLINE ENGLISH FOR ENGINEERING
AUGUST 9 - SEPTEMBER 3, 2021

UNIVERSITY AT ALBANY
State University of New York

Course Duration
» 4 Weeks
» Monday to Friday
» 7:30 am - 9:00 am Eastern Daylight Time

SUSTAINABLE DEVELOPMENT GOALS

COURSE DESCRIPTION
Students will develop vocabulary, language, and communication skills needed for a range of engineering specialties. The course is designed for pre-work engineering students at a pre-intermediate to intermediate level who will need English to communicate effectively in their industry.

Students will read authentic articles and work with exercises that teach language in context. Projects and activities relevant to the workplace will cover a variety of engineering topics. Our main focus will be discussing and presenting solutions related to the UN's Sustainable Development Goals (SDGs).

PROGRAM INCLUDES
» Live interactive classes on Zoom
» Weekly conversation group with UAlbany students
» Weekly online group cultural activities with UAlbany students

COST
» $625 per student
