International Freshman Campus Housing

All freshman students are required to live on campus for their first two years of study. **Living on campus is a great way to improve your English, get involved, meet people and be close to campus resources.**

For each student there is an extra long twin bed, mattress, desk and chair, and dresser. All of our residence halls have wireless internet connections; in addition, each student is assigned an Ethernet connection and a cable jack. For more information on amenities, please visit the Residential Life website.

Housing assignments are determined by your housing application date of receipt, including any special interest housing request, and/or roommate requests.

**Please Note: Not all roommate requests can be honored.**
**Please Note: All housing licenses are for a full academic year.**

Students living locally with a parents, students over the age of 21, married students, and students under other pre-defined special circumstances may complete an Exemption to Campus Residency Requirement form and return it to the Residential Life Office.
