6-b. Determination of threshold amount. For determination of threshold amount purposes of determining whether a purchase is within the discretionary thresholds established by subdivision six of this section, the commissioner and state agencies shall consider the reasonably expected aggregate amount of all purchases of the same commodities or services to be made within the twelve-month period commencing on the date of purchase. Purchases of services or commodities shall not be artificially divided for the purpose of satisfying the discretionary buying thresholds established by subdivision six of this section. A change to or a renewal of a discretionary purchase shall not be permitted if the change or renewal would bring the reasonably expected aggregate amount of all purchases of the same commodities or services from the same provider within the twelve-month period commencing on the date of the first purchase to an amount greater than the discretionary buying threshold amount.
