ENTER A TIMECARD

How to enter exception time

After selecting The My Time menu

1. On the main My Time screen, click the Create Timecard button
2. Use the Period drop down box to select the monthly period for which you are entering time.

**Tip!** You can enter past or current periods but cannot enter future periods. Timecards must be submitted chronologically to avoid receiving message “Error Occurred While Validating Earnings Policy”

**NOTE:** It is not necessary to enter something for every day of the month. If you have met your FTE obligation for the month, simply check the certification box and click Submit. No other entry should be made, unless a holiday occurs during the month. For a month with a holiday, simply enter "Grad" (if a student) or "Non-accruing" (if a non-student) in the comments box, check the certification box and click Submit.

Using Non-Worked Time:

If you find that you must be absent you enter the absence on your timecard. Before doing so you should check with your supervisor and/or HR office to determine the appropriate method to record this absence. You may be asked to record this time against the Hours Type Non Worked Time. A reason is required for this Hours Type as well. Examples of reasons in this category are Jury Duty, Court Appearances, leave of absence for military service. (see pg. 7.1 for a full list of absence reasons).

After selecting the period follow these steps to record non-worked time:

3. Use the Hours Type drop down box and select the type of absence and enter the time out on the appropriate day.
4. Select the appropriate reason from the drop down.
5. If you have more than one type of absence click Add Another Row.
6. **If you enter an hours type in error, it is best to save the timecard and then use the trash can icon at the end of the row to delete it. Do not change the hours type in that row.**
7. Go to Save or Submit a Timecard on pg. 4.1

Holiday Error

During months where a holiday occurs, non-accruing summer employees must indicate “Summer only” in the comments box, prior to submitting their timecard.

Your last timecard submission

If you separate from the RF for any reason, you can complete your last timecard on-line even after your last day of work (self service will still be available to you). Although, the entire month will appear you will not be able to enter any time out of the office after your termination date. See pg. 6.1 for the error message you will receive if you try to do this.

You may NOT extend your termination date to include non-work days.
