Lab Rotation Mentor: ___________________________________________
Student: ___________________________________________________
Semester/year: _____________________________________________
Rotation:  1_____  2_____  3_____  4_____ 

Please use this form to evaluate the student’s performance in the laboratory. All information will be used by the Department for student evaluations and will be permanent in the student’s department file.

Please address the following areas, being as informative as possible:

1. Assess the student’s scholastic ability.

2. Evaluate the student’s original thinking and independence.

3. Describe the student’s work habits (enthusiasm, motivation, dependability, time and effort).

4. Evaluate the student’s lab notebook. Comment on both scientific and writing skills including the final report.

5. Assess the student’s oral presentations.
6. How well did the student interact with other people in the lab, socially and scientifically?

7. Additional Comments

Please check the rating which best summarizes the student’s performance:

☐ Satisfactory: This is the expected and usual level of performance. The student generally meets performance expectations for all tasks and performs in a good and competent manner.

If satisfactory, please indicate one of the following:
A_____  A-______  B+_____  B_____  

☐ Unsatisfactory: The student clearly does not meet performance expectations for one or more tasks. The student requires significant extra direction (taking into account any previous lab experience) and cannot be relied upon to perform experiments in a timely and effective fashion.

If unsatisfactory, please indicate one of the following:
B-______  C+______  C______

I have read and discussed this evaluation with the student.  
I have reviewed and discussed this evaluation with my rotation mentor.
