Dear Colleagues:

Please be advised that the Centers for Disease Control and Prevention (CDC) recommends that travelers avoid all nonessential travel to countries with Level 3 Health Notices, and cautions against high-risk travelers from traveling to countries with Level 2 Health Notices – listed below.

In accordance with this recommendation from the CDC, the State of New York has prohibited all New York State work-related employee travel to these countries until further notice.

China
Iran
Italy
South Korea
Japan

Please contact the Center for International Education and Global Strategy (CIEGS) at international@albany.edu with any questions.

Thanks,

Todd
