

ERIKA G. MARTIN

Rockefeller College of Public Affairs & Policy, University at Albany, SUNY
Milne Hall 300E, 1400 Washington Avenue, Albany, NY 12222
(518) 442-5243 | emartin@albany.edu

EDUCATION

Academic Degrees

2004-2009 *PhD*, Yale University School of Public Health, Health Policy & Administration
2001-2003 *MPH*, University of Michigan School of Public Health, Epidemiology
1997-2001 *BA*, Brown University, Human Biology and French Literature

Continuing Education

2023 Cornell University, Performance Leadership Certificate
2023 Cornell University, Psychology of Leadership Certificate
2023 Emory University, Women in Leadership Certificate

ACADEMIC APPOINTMENTS

University at Albany, State University of New York

Dept. of Public Administration and Policy (Rockefeller College of Public Affairs & Policy)

2022-present *Professor*
2015-2022 *Associate Professor*
2009-2015 *Assistant Professor*

2022-2023 *PhD Program Director (Interim)*
2018-2021 *PhD Program Director*

Research Center Affiliations

2022-present Center for Technology in Government, *Faculty Fellow*
2018-present Center for Collaborative HIV Research in Practice and Policy, *Faculty Affiliate & Steering Committee Member*

Faculty Affiliate Appointments

2015-present Information Science (College of Emergency Preparedness, Homeland Security and Cybersecurity)
2010-present Dept. of Health Policy, Management and Behavior (School of Public Health)

Rockefeller Institute of Government, State University of New York

2013-2017 *Director, Health Policy Research Center*
2010-2017 *Senior Fellow*

OTHER AFFILIATIONS AND RESEARCH EXPERIENCE

- 2023 *Project Advisor*, Ensuring an Evidence Based Approach to (Re)Building the Public Health System. Lead institutions: AcademyHealth and American Public Health Association. Funded by Kaiser Permanente.
- 2018-present *Core Affiliate*, Implementation Science and Health Outcomes Core, HIV Center for Clinical and Behavioral Studies. Lead institutions: Columbia University and New York State Psychiatric Institute. Funded by NIMH.
- 2017-present *Research Affiliate*, Center for Health Economics of Treatment Interventions for Substance Use Disorder, HCV, and HIV (CHERISH). Lead institution: Weill Cornell Medical College. Funded by NIDA.
- 2017-present *Core Scientist*, Policy Impact Core, Center for HIV Identification, Prevention, and Treatment Services (CHIPTS). Lead institution: University of California Los Angeles. Funded by NIMH.
- 2017 *Visiting Scholar*, Luskin School of Public Affairs, University of California Los Angeles
- 2017 *Consultant Member*, U.S. Department of Health and Human Services, National Committee on Vital and Health Statistics Workgroup on HHS Data Access and Use
- 2013 *Research Consultant*, Virginia Commonwealth University
- 2011-2012 *Member*, National Academy of Medicine Committee to Review Data Systems for Monitoring HIV Care
- 2010-2011 *Statistical Consultant*, New York City Law Department stop-and-frisk lawsuit
- 2007-2009 *Statistical/SAS Consultant*, Robert Wood Johnson Foundation Clinical Scholars Program postdoctoral trainees, Yale University, New Haven, CT
- 2003-2004 *Research Fellow*, Institute of Social and Prevention Medicine, Centre Hospitalier Universitaire Vaudois, Lausanne, Switzerland

AWARDS AND TRAINING FELLOWSHIPS

- 2023 Senior Faculty Recognition, University at Albany Research and Entrepreneurship Week
- 2022 “Above and Beyond” award, *Journal of Public Health Management and Practice* Editorial Board
- 2019 Best Poster on Public Policy, American Political Science Association Public Policy Section
- 2019 Elected to Delta Omega Honorary Society in Public Health
- 2019 Outstanding Publication Nominee, University at Albany School of Public Health
- 2018 Recognition, University at Albany Celebration of Scholarship
- 2017 Best Abstract for Health Services, International Symposium on Hepatitis Care in Substance Users
- 2017 Best Abstract for Public and Population Health, AcademyHealth
- 2016 Book of the Year, Healthcare Information Management Systems Society

- (contributed chapter on New York's Health Care Efficiency and Affordability Law capital grant program)
- 2014-2016 Public Health Services and Systems Research Mentored Research Scientist, National Coordinating Center for Public Health Services and Systems Research, Robert Wood Johnson Foundation
- 2013 Public Health Practice-Based Research Network Scholarship for travel to AcademyHealth annual research meeting
- 2012-2013 Career, Leadership, and University Excellence Fellow, University at Albany
- 2009 Distinguished Doctoral Dissertation, Yale University Graduate School
- 2008-2009 Doctoral Training Fellowship, Agency for Healthcare Research and Quality (PI: Bradley)
- 2006-2008 Doctoral Training Fellowship, National Institute on Drug Abuse (PI: Paltiel)
- 2004-2006 Doctoral Training Fellowship, Yale University Graduate School of Arts and Sciences
- 2003 Student Conference Travel Award, Society for Research on Nicotine and Tobacco
- 2001-2003 Dean's Award, University of Michigan School of Public Health (full tuition scholarship)
- 2001 Nominated to Sigma Xi Scientific Research Society
- 1997-2001 Donovan Family National Scholar, Brown University (partial tuition scholarship)

EXTRAMURAL FUNDING

Active Funding

Evaluation of Disease Intervention Specialists Workforce Development

New York State Department of Health 1/1/2022—12/31/2025

Co-Principal Investigator with Udo \$1,199,708

Funding supports a needs assessment, process evaluation, and impact evaluation of New York's new program to improve and expand its workforce of disease intervention specialists who provide partner notification, counseling, and referral to treatment for persons testing positive for HIV/STIs.

Modeling HIV, viral hepatitis, STI, and TB to improve public health – CAMP 2.0: The coalition for applied modeling for prevention (#5U38PS004650)

Centers for Disease Control and Prevention 9/30/2019—9/29/2024

Principal Investigator*

Total amount (9/30/2018-9/29/2024) ~\$8M (grant + supplement)

-Annual continuation award (9/30/2019-9/29/2024) ~\$1,008,000 **annual** budget

-Supplemental award (9/30/2021-9/29/2024) \$2,977,713 (3-year budget)

Funding supports a multi-site academic consortium that creates statistical, epidemic simulation, and economic models in partnership with the CDC to uncover new disease patterns and inform prevention policies in five areas: HIV, viral hepatitis, STIs, tuberculosis, and school/adolescent health.

*Initial PI: Rosenberg (9/2019-7/2021).

Identifying and disseminating substance, treatment, strategy (STS) recommendations to AIDS service organizations

National Institute on Drug Abuse 7/1/2018—6/30/2024

Investigator \$144,570 (SUNY Albany subcontract)*

PI: Garner (RTI International)

Funding supports the development of stakeholder-driven Substance-Treatment-Strategy

recommendations to improve substance use disorder integration within HIV care settings and test the incremental effectiveness of external facilitation to AIDS service organizations.

*Total award: \$675,000 annual

Completed Funding

Independent evaluation of the New York State Delivery System Reform Incentive Payment (DSRIP) program

New York State Department of Health 10/1/2016—9/30/2021*

Quantitative Evaluation Lead \$3,917,500 (\$806,542 under my responsibility)

PI: Weller (SUNY Albany)

Funding supported an independent evaluation of New York's DSRIP Medicaid waiver that restructures the healthcare delivery system to reduce avoidable hospital use.

* I joined the project to lead the quantitative evaluation on 5/1/2018.

Describing New York's policy response to counteract the opioid overdose epidemic

(#NU62PS003692-05-09)

New York State Department of Health 5/1/2017—12/31/2017

Principal Investigator \$49,809

This project conducted key informant interviews to understand comprehensive programming for opioid overdose, implementation strategies, collaborations across agencies, and process outcomes.

Modeling the end of AIDS in New York State (Contract #C030792)

New York State Department of Health 12/1/2015—5/31/2017

Principal Investigator \$200,000

This project used mathematical modeling to simulate how the Ending the (AIDS) Epidemic policy initiative will affect HIV transmission and HIV testing and care outcomes in New York State.

Documenting patterns of HIV prevention funding to states (Contract #5U52PS00369205)

New York State Department of Health 1/1/2016—12/31/2016

Principal Investigator \$28,069

This project developed a holistic understanding of the Centers for Disease Control and Prevention's domestic HIV prevention funding portfolio and 2015 allocations to states and metropolitan areas.

A scan of the status of states' integration of human services and health insurance programs

(#HHSP2332015000771)

Office of the Assistant Secretary for Planning and Evaluation 9/1/2015—8/1/2016

Investigator \$14,928 under my responsibility

PI: MEF Associates

This project surveyed the current status of state human service program agencies' efforts to integrate affordable health insurance and human services programs as encouraged under the Affordable Care Act.

Substance abuse treatment to HIV care (SAT2HIV)

National Institute on Drug Abuse

7/1/2014—7/30/2019

Consultant

Daily rate

PI: Garner (RTI International)

This project tested the effectiveness of: 1) a single-session motivational interviewing-based brief intervention for comorbid substance use within HIV service settings, and 2) an organizational-level implementation strategy to facilitate its implementation and sustainment within these settings.

Surveying drug user health and service access at Upstate New York syringe exchange programs (Contract# 5U62PS00369204)

New York State Department of Health

1/15/2015—12/31/2015

Principal Investigator

\$18,561

This project surveyed five Upstate New York syringe exchange programs to learn about drug user health, experience and satisfaction with the syringe exchange site, overdose experience, use of medical services, overdose experience, and knowledge of New York's Good Samaritan Law.

Building a sustainable open data ecosystem for public health services and systems research (Grant #71597)

Robert Wood Johnson Foundation

1/15/2014— 1/15/2016

Co-Principal Investigator (with Birkhead, NYSDOH)

\$99,945

This mentored scientist career development award project aimed to facilitate the release of open data that are fit for research by: systematically reviewing the usability of open health datasets, interviewing agency staff to assess their capabilities to release data and the perceived value of releasing data, and complete a pilot data linkage project.

Medicaid F-SHRP waiver evaluation (Contract # C002207)

New York State Department of Health

2/2/2014— 5/15/2015

Co-Principal Investigator (with Boyd)

\$754,174

This project evaluated the Federal-State Health Reform Partnership (F-SHRP) waiver demonstration project, following the evaluation plan design prepared by the NYSDOH and approved by the Centers for Medicare and Medicaid Services (CMS).

Optimizing the use of HIV/STD partner services strategies in New York State (Grant # 21989)

Robert Wood Johnson Foundation

7/15/2013— 6/14/2015

Co-Principal Investigator (with Tesoriero, NYSDOH)

\$149,992

This project quantified statewide variations in the costs and staffing effort of delivering standard HIV/STD partner services and high-impact HIV partner services to make recommendations on the conditions under which reallocating staff resources will lead to efficiency gains.

Support the health policy research center to build capacity as a connector between academic researchers and state and local governments in New York (Grant #11-0018)

New York State Health Foundation 5/1/2013— 2/28/2014

Principal Investigator \$29,628

Funds were used to promote applied health policy research in New York by developing a database of academic researchers and hosting a one-day conference for academics, practitioners, and policymakers on important health policy issues confronting the state.

A system dynamics-based evaluation of the economic impacts of the mandatory offer of HIV testing in New York State (Contract #4262-01)

New York State Department of Health 7/1/2011— 12/31/2012

Principal Investigator \$252,882

This project used system dynamics modeling to evaluate a recent state law that requires that all persons between the ages of 13 and 64 be offered HIV testing as part of hospital inpatient, emergency room, or any facility or community based primary care services.

Evaluating the link between HIV prevention and treatment (2R01 MH65869-08)

National Institute of Mental Health 9/1/2009—12/31/2010

Investigator \$91,774 (SUNY Albany subcontract)*

PI: Paltiel (Yale University)

This project used a computer-based evaluation model of disease progression, clinical management, and economics of HIV to promote an evidence-based approach to HIV counseling, testing, and referral.

*Total award: \$2,539,167

INVITED TALKS

* *current or former student*

COMMUNITY PRESENTATIONS

- Martin, E. (2020, October 26). **Rockefeller College 2020 Election Series**. Panelist: *Health Policy and Politics: COVID-19 and the 2020 Presidential Election*, Albany, NY.
- Martin E, Tesoriero J. (2019, January). Co-presenter, Bending the curve to end AIDS in New York State: Synthesizing diverse data for real-time policy implementation. **Rockefeller College Policy Talks Lunchtime Speaker Series**, Albany, NY.
- Martin E. (2013, December). Moderator, AIDS in New York: Are we approaching the end of an epidemic? **Rockefeller College World AIDS Day Forum**, Albany, NY.
- Martin E, Burke C. (2011, March). Co-presenter, Preparing for health reform in New York: where are we, where do we go from here? **Rockefeller College Policy Conversation Series**, Albany, NY.
- Martin E, Burke C. (2011, February). Co-presenter, Why real health reform in the U.S. is so hard. **Rockefeller College Policy Conversation Series**, Albany, NY.

CONFERENCE PRESENTATIONS & ABSTRACTS

* *current or former student* | + *presenter, if not Martin*

- 2023 Grey J,+ Ansari B*, Jackson D, Pagaoa M, Gift T, Chesson H, Martin E, Torrone E. (2023, July). Rates of reported primary and secondary syphilis among men who have sex with men compared to men who have sex with women only and women who have sex with men in 37 US states, 2018. **STI & HIV 2023 World Congress**, Chicago, IL.
- 2022 Kim H,*+ Martin EG. (2022, June). The effect of the Medicaid expansion on access to care among low-income parents: Does it vary among states with and without a medically needy pathway to Medicaid prior to the Affordable Care Act? **AcademyHealth**, Washington, DC.
- Kim H,*+ Martin EG. (2022, June). Barriers to access to pre-exposure prophylaxis among women experiencing intimate partner violence in the United States: A systematic literature review. **AcademyHealth**, Washington, DC.
- 2021 Garner BR,+ Knudsen HK, Zulkiewicz BA, Tueller SJ, Gotham HJ, Martin EG, Donohoe T, Toro AK, Loyd K, Ball L, Brown L, Calhoun CB, Freese T, Grove M, Mandell N, Rutkowski B, Gordon T. (2021, October). To what extent are evidence-based interventions for treating substance use disorders a good fit for HIV service settings across the United States? **Addiction Health Services Research**. (Virtual.)
- Martin EG. (2021, June). Panelist, Data visualization for evidence synthesis and policy-making. **AcademyHealth**. (Virtual.)
- Martin EG. (2021, June). Leveraging data for public health systems research: past, present, and future. **AcademyHealth**. (Virtual.)
- 2020 Garner BR,+ Gotham HJ, Freese TE, Ruthkowski BA, Donohoe TJ, Knudsen HK, Loyd K, Zulkiewicz BA, Tueller SJ, Martin EG, Brown LL, Calhoun CB, Grove M, Toro A, Ball E, Gordon T. (2020, December). Integrating evidence-based treatment interventions for substance use disorders within HIV service organizations: Results

- from the Substance Treatment Strategies for HIV Care (STS4HIV) Project.
AcademyHealth Conference on the Science of Dissemination and Implementation in Health. (Virtual.)
- Gigliotti P,* Martin EG. (2020, November). Predictors of state-level stay at home orders in the United States and their association with mobility of residents. **Association for Public Policy and Management.** (Virtual.)
- Feng W,*+ Lischko A, Martin E, Skeer M, Kaplan A, Wang Y, Stopka T. (2020, October). Who are the local policy innovators? Cluster analysis of current municipal tobacco control policies in Massachusetts. **American Public Health Association Annual Meeting and Expo**, San Francisco, CA.
- Gigliotti P,*+ Martin EG, Bomma S, Yuan Y, Hart-Malloy R. (2020, September). Syphilis diagnoses in New York State correctional facilities: opportunities for diagnosing females in jails. **2020 STD Prevention Conference**, Atlanta, GA. (Virtual.)
- Zamboni L,* Martin E. (2020, June) Household-level determinants of action- versus resource-based disaster preparedness: tailored risk communication strategies needed. **AcademyHealth**, Boston, MA. (conference cancelled)
- Ansari B,* Tote K, Rosenberg E, Martin E. (2020, June). A rapid review of the effectiveness of systems-level policies and interventions on opioid use, overdose, and mortality. **AcademyHealth**, Boston, MA. (conference cancelled)
- 2019 Tote KM, Bradley H, Martin E, Yucel R, Rosenberg E. (2019, November). How much do we really know about drug overdose deaths? Correlates of incomplete toxicology reporting in the United States, 2010-2016. **Association for Public Policy and Management**, Denver, CO.
- Zamboni L,* Martin E. (2019, November). Get a kit, make a plan, be prepared: household level determinants of action- and resource-based disaster preparedness. **Association for Public Policy and Management**, Denver, CO.
- Tote K, Bradley H, Martin E, Yucel R, Rosenberg E. (2019, September). The impact of missing toxicology reports on overdose death surveillance: 2010-2016. **American College of Epidemiology**, Pasadena, CA.
- Dwicaksono A,*+ Martin E. (2019, July). Regional disparity in maternal health services utilization in Indonesia: Decentralization and territorial splitting as structural determinants of care. **Indonesian Regional Science Association Conference**, Banda Aceh, Indonesia.
- Feng W,*+ Martin EG. (2019, June). Fighting obesity at the local level? An analysis of predictors of local health departments' policy involvement. **AcademyHealth**, Washington, DC.
- Kiesel A,*+ O'Donnell T, Hart-Malloy R, Currenti S, Martin E. (2019, May). Extragenital diagnoses for chlamydia and gonorrhea in New York State. **Public Health Partnership Conference**, Cortland, NY.
- Feng W,*+ Martin EG. (2019, February). Fighting obesity at the local level? An analysis of predictors of local health departments' policy participation. **Population Health Summit**, Albany, NY.
- Kiesel A,*+ O'Donnell T, Hart-Malloy R, Currenti S, Martin E. (2019, February). Diagnosing extragenital sexually transmitted infections in New York State excluding New York City. **Population Health Summit**, Albany, NY.

- 2018 Martin E, Pyo S,* Gascó-Hernandez M, Luna-Reyes L. (2018, October). Using open data in the classroom for public affairs education: decision-making with hip replacements and food safety. **Network of Schools of Public Policy, Affairs, and Administration (NASPAA)**, Atlanta, GA.
- Feng W,*+ Martin E. Variation in local health departments' involvement in implementing obesity policies. (2018, September). **American Political Science Association**, Boston, MA.
- **Winner, 2019 Best Poster on Public Policy Award**
- Gasco-Hernandez M,+ Martin E, Reggi L,* Pyo S,* Luna-Reyes LF. (2018, June). Promoting the use of open government data: cases of training and engagement. **Global Conference on Transparency Research**, Rio de Janeiro, Brazil.
- Kapadia S,+ Down C, Marks K, Schackman BR, Martin E, (2018, May). The path to eliminating hepatitis C virus infection in the United States: state officials address high drug prices, stigma, and building treatment capacity. **New York City Viral Hepatitis Research Symposium**, New York, NY.

TEACHING

COURSES TAUGHT, UNIVERSITY AT ALBANY

Research Design (*PhD*)
 Seminar in Doctoral Research and Professional Development (*PhD*)
 Evaluating Public Sector Programs (*MPA*)
 Public Policy Analysis (*MPA*)
 Data, Models, and Decisions (*MPA*)
 Introduction to Policy Analysis (*undergrad*)
 Solving Public Health Policy Issues: Politics and Power in Disease Policy (*undergrad honors seminar*)
 Health and Human Rights: An Interdisciplinary Approach (*undergrad honors*)

WORKSHOPS TAUGHT

- Conducting Constructive Peer Reviews (*Journal of Public Health Management and Practice*)
- SAS Quick Start (*University at Albany and New York State Department of Health collaboration*)
- Professional Communications (*Empire State Fellows Program, Rockefeller Institute of Government*)
- MPA Welcome Week Excel Refreshers (*University at Albany*)

MENTORING

POST-DOCTORAL MENTORING (* = Active)

- * Shashi Kapadia, MD, MS, Weill Cornell Medical College, Integrated care for hepatitis C: current uptake and impact on future treatment (National Institute on Drug Abuse K-award) (**mentoring committee member**, 2019-present)
- * Erika Scott, PhD, Basset Healthcare Network, Documenting the true cost of occupational injury burden in agriculture: a mixed methods effort to improve injury surveillance methods (National Institute for Occupational Safety and Health K-award) (**mentoring committee member**, 2019-present)

DOCTORAL DISSERTATION COMMITTEES (* = Active)

- * John Angles, A comparison and extension of existing spatiotemporal anomaly detection methods for prospective case-based syphilis surveillance (**co-chair**, 2022-present) (Biostatistics)
- * Amanda Sue, A comprehensive investigation of service utilization among persons who inject drugs enrolled at collocated hepatitis C care and treatment models (**member**, 2022-present) (Epidemiology)
- * Heeun Kim, State policies on accessing sexual and reproductive health care in the United States (**chair**, 2019-present)
- * Isaac Michaels, Non-profit hospital spending on community health improvement: catalysts, impediments, and opportunities in New York State (**member**, 2020-present; current placement: Program Director of Research Science, New York-Presbyterian) (Epidemiology)
- Philip Gigliotti, Performance management and contacting out to support public health objectives: Evidence from U.S. local health departments (**chair**, 2019-2022; current placement: Researcher, Mathematica Policy Research)
- André Kiesel, Treating anonymous patients: The effectiveness, costs, and strategies of promoting the use of expedited partner therapy (**chair**, 2018-2022; placement: Senior Economics Analyst, ICF International)
- Bahareh Ansari, Taking a user-centered design approach to develop a data dashboard for New York State Department of Health and implications for improving the usability of public data dashboards (**chair**, 2020-2022; current placement, Lecturer, Queen's

University Management School, Belfast) (Information Science)

Sunyoung Pyo, Understanding the adoption and implementation of body worn camera policies in state and local governments and their effects on police behavior (*chair*, 2017-2019; current placement: Assistant Professor, Catholic University of Korea)

Wenhui Feng, Right size me: policy responses to the obesity epidemic and behavioral change (*member*, 2017-2019; current placement: Assistant Professor, Tufts University School of Medicine)

Adenantera Dwicaksono, For better or worse? Exploring how decentralization shapes local expenditures and health service utilization in Indonesia (*chair*, 2016-2018; current position: Assistant Professor, Institut Teknologi Bandung, Indonesia)

Grace Begany, An integrative view of consumers' engagement with open health data (*chair*, 2015-2018; current position: Associate Professor, SUNY Cobleskill) (Information Science)

Young Joo Park, Public finance of long-term services and supports in nursing homes (*chair*, 2015-2017; current position: Assistant Professor, University of New Mexico)

Hina Khalid, Improving HIV outcomes in Pakistan: the interaction between politics, power, and implementation (*chair*, 2015-2017; placement: Researcher, Washington State Department of Social and Health Services)

Lucila Zamboni, Three perspectives on social equity and public health emergency preparedness and response policy (*chair*, 2015-2017; current position: Research Scientist, New York State Department of Health)

Bethany Slater, Capacity in grassroots nonprofit organizations: perspectives from emergency food providers (*member*, 2013-2016; current position: Program Analyst, Federal Emergency Management Agency)

Niyousha Hosseinichimeh, Essays on the effects of public policies on emergency department use in US (*member*, 2011-2012; current position: Assistant Professor, Virginia Polytechnic Institute and State University)

Navid Ghaffarzadegan, Essays on applications of behavioral decision making in public management and policy (*member*, 2010-2011; current position: Associate Professor, Virginia Polytechnic Institute and State University)

DOCTORAL CANDIDACY COMMITTEES (* = Active)

* Kun Huang (*chair*, 2023-present)

* Marzuka Ahmad Radia (*member*, 2023-present)

* Soyun Jeong (*member*, 2023-present)

* Patrick Schumacher (*chair*, 2022-present)

* Dina Maloney DeCarlo (*chair*, 2020-present)

* Zahra Alaali (*member*, 2020-present)

Maggie Fiacchi (*chair*, 2020-2022)

Heeun Kim (*chair*, 2019-2021)

Yongjin Choi (*member*, 2019-2020)

Philip Gigliotti (*chair*, 2019)

Roland Poirier (*chair*, 2018-2021)

Bahareh Ansari (*chair*, 2018-2020) (Information Science)

André Kiesel (*chair*, 2017-2018)

Sunyoung Pyo (*chair*, 2017)
Wenhui Feng (*member*, 2016-2017)
Danielle Durant (*member*, 2016-2017)
Adenantera Dwicaksono, (*chair*, 2015-2016)
Jennie Law (*co-chair*, 2014-2016)
Grace Begany (*member*, 2014-2015) (Information Science)
Terence Meehan (*member*, 2013-2015)
Young Joo Park (*chair*, 2013-2015)
Hina Khalid (*chair*, 2013-2015)
Lucila Zamboni (*chair*, 2012-2015)
Bridget Baker (*member*, 2012-2013) (Political Science)

UNDERGRADUATE HONORS THESES

Nathan Blank, The evolution of the stadium deal (*chair*, 2022-2023)
Amanda Norcott, State implementation of CDC guidelines for hepatitis C virus screening
(*chair*, 2012-2013)
