Note: These data are from the Federal Bureau of Investigation's (FBI) Uniform Crime Reporting (UCR) Program. Federal, State, city, university and college, county, and tribal law enforcement agencies participating in the UCR Program submit data on any sworn officer killed feloniously or accidentally in the line of duty within their jurisdictions. FBI field divisions and legal attaché offices also report such incidents occurring in the United States and its territories, as well as those in which a United States law enforcement officer dies while assigned to duties in another country (Source: **2009** [Online]. Available: <http://www2.fbi.gov/ucr/killed/2009/methodologykilled.html>). Some data have been revised by the Source and may differ from previous editions of SOURCEBOOK.

^aIncludes detectives, undercover officers, and officers on special assignments and other types of assignments not listed.
