Note: These data were compiled by the Federal Bureau of Investigation through the Uniform Crime Reporting (UCR) Program. On a monthly basis, law enforcement agencies report the number of offenses that become known to them in the following crime categories: murder and nonnegligent manslaughter, forcible rape, robbery, aggravated assault, burglary, larceny-theft, motor vehicle theft, and arson. Arrest statistics are compiled as part of this monthly data collection effort. Participating law enforcement agencies are instructed to count one arrest each time a person is taken into custody, notified, or cited for criminal infractions other than traffic violations. Annual arrest figures do not measure the number of individuals taken into custody because one person may be arrested several times during the year for the same type of offense or for different offenses. A juvenile is counted as a person arrested when he/she commits an act that would be a criminal offense if committed by an adult. Two offense categories, "curfew and loitering" and "runaway," are tabulated only for juveniles. Violations of local juvenile acts other than runaway and curfew and loitering law violations are included in the "all other offenses" classification (U.S. Department of Justice, Federal Bureau of Investigation, *Uniform Crime Reporting Handbook, 2004*, pp. 78-81 [Online]. Available: <http://www.fbi.gov/ucr/handbook/ucrhandbook04.pdf>).

Data in this table are estimates based on arrest statistics for all law enforcement agencies in the Uniform Crime Reporting Program, reporting 12 months of arrest data in 2007 and estimates for those submitting reports for less than 12 months in 2007 (Source: Table 29, Data declarations. Available: http://www.fbi.gov/ucr/cius2007/data/table_29_dd.html). Because of reporting problems, only limited arrest data were provided by Florida, Illinois, and Minnesota, and no arrest data were available from Hawaii, the District of Columbia Metropolitan Police Department, or the New York City Police Department. Arrest totals for these States, the District of Columbia, and New York City were estimated by the Source for inclusion in the above table. Subsequent tables, displaying detailed breakdowns of persons arrested, contain limited or no data for these jurisdictions (Source: Methodology. Available: http://www.fbi.gov/ucr/cius2007/about/table_methodology.html).

For definitions of offenses, see [Appendix 3](#).

^aData are based on all reporting agencies and estimates for unreported areas.

^bBecause of rounding, figures may not add to total. Total does not include suspicion.

^cViolent crimes are offenses of murder and nonnegligent manslaughter, forcible rape, robbery, and aggravated assault.

^dProperty crimes are offenses of burglary, larceny-theft, motor vehicle theft, and arson.
