Note: See Notes, [tables 4.1.2004](#) and [4.19.2004](#). These data are from the 13,205 agencies that furnished detailed arson reports to the Uniform Crime Reporting Program for 2004. Users should be aware that these data do not represent the Nation's total arson experience and differ from those reported in other arrest tables displaying arson because only arson clearances reported by property classification are included. For the definition of arson, see [Appendix 3](#).

^aIncludes offenses cleared by exceptional means.
