Note: See Notes, [tables 4.1.2005](#) and [4.19.2005](#). These data are from the 13,782 agencies that furnished detailed arson reports to the Uniform Crime Reporting Program for 2005. Users should be aware that these data do not represent the Nation's total arson experience and differ from those reported in other arrest tables displaying arson because only arson clearances reported by property classification are included. For the definition of arson, see [Appendix 3](#).
