Note: Counts for probation, prison, and parole populations are for December 31 of each year; jail population counts are for June 30 of each year. Counts of adults held in jail facilities for 1993 and 1994 were estimated and rounded to the nearest 100. Data for jail and prison are for inmates under custody and include those held in private facilities. Totals for 1998-2004 exclude probationers held in jail or prison. Beginning in 2005, totals exclude probationers and parolees held in jail or prison. These data have been revised by the Source based on the most recently reported counts and may differ from previous editions of SOURCEBOOK. For information on methodology and explanatory notes, see [Appendix 15](#).

^aBecause a small number of individuals may have multiple correctional statuses, the totals are rounded to the nearest 100.

^bEstimated.

^cIncludes an unknown number of persons supervised outside jail facilities.

^dCoverage of probation agencies was expanded. For counts based on the same reporting agencies, use 3,266,837 in 1997 (to compare with 1996); 3,417,613 in 1998 (to compare with 1997); and 3,772,773 in 1999 (to compare with 1998).

^eTotal probation and parole counts include estimates for Massachusetts, Pennsylvania, and Washington due to changes in reporting; estimates were based on reporting methods comparable to 2004.

^fBecause Illinois did not provide data for 2006, all data for Illinois were estimated.
