Note: These data are from the Annual Parole Survey sponsored by the U.S. Department of Justice, Bureau of Justice Statistics. Parole is a period of conditional supervised release following a prison term. Prisoners may be released to parole either by a parole board decision or by mandatory conditional release. Rates were calculated using U.S. Census Bureau population figures for the number of adult residents. For information on methodology and definitions of terms, see [Appendix 15](#).

^aDue to reporting changes in New Jersey and other jurisdictions, the 1997 rate is not directly comparable to prior years.
