Application Workshop for NYS legislative Internships

Stop by on September 24 from 3-4pm to make your application stellar.
We are looking for students to participate in a semester-long research study involving using a mobile application that helps students in planning, time management, keeping track of assignments, and class projects. Our goal is to study procrastination in individual and group tasks. The study also involves completing a number of initial questionnaires electronically and during the semester. You will receive **$50 in Amazon electronic gift card** upon completion of this study (see Consent Form for conditions). If you are interested and have an **iPhone or iPad** to install the app on, please complete the following consent form, and we will get in touch with you for the subsequent steps. At this point, we **do not have an Android version** of the application.
