Q: How long will I be able to access the trainings and my completion certificates?

You will have access to your modules and completion certificates in [PHTC-Online](#) for one year from your purchase date.

Q: Are continuing education credits available for these modules?

A: Yes, contact hours in nursing continuing education are available. An evaluation and post-test (with a passing score of 80%) are required to receive continuing education credits. A continuing education certificate will be available immediately upon successful course completion, if credits are requested. More information can be found on each module's information page in [PHTC-online](#).

Q: How many questions are on the post-tests?

A: There are 5 post-test questions after each module.

Q: After taking this training, will I be certified in MDS?

A: New York State does not require a certification in MDS. However, University at Albany, School of Public Health is the only MDS training approved by the New York State Department of Health.

Participants will receive a certificate of completion when they finish the evaluation and post-test after each module.

Q: What is the difference between these self-paced modules and the live webinars you offer?

A: These modules are the recordings of the live webinars we offer. It is the same training offered with the convenience of learning on your own schedule with access available for one whole year from the date of purchase.
