

PHN Ready

Public Health Nurse Ready

What is Public Health Nurse Ready?

Public Health Nurse Ready (PHN Ready) is an online certificate program for RNs working in public health, or desiring to know about how public health works. LPNs may find the certificate of interest as well. All courses are self-paced and online. It does not offer academic credit, however, many of the courses provide continuing education credits.

Who should take this program?

PHN Ready is open to **RNs, working in public health, or desiring to know about how public health works.** Additionally, all courses are online and self-paced, so there is no need to be in a particular time zone or location. You can take the courses whenever and wherever you like!

How can I Register?

It's simple! Just [click here](#) for the course guidebook and follow the instructions.

Competency-Based Learning

PHN Ready courses reflect the Tier 1 2012 core public health competencies set forth by the Quad Council of Public Health Nursing Organizations. These competencies provide a foundation to help meet the needs of populations served by PHNs.

Not a Nurse?

Check out the Foundations of Public Health certificate, which appeals to a broader audience of public health professionals.
