Overview

Social media is one of the many communication methods used by University Auxiliary Services (UAS) to share information and engage with the campus community. Social media provides the opportunity for instant two-way communication and allows UAS the ability to showcase our mission and values while sharing relevant and timely information. The purpose of this document and handbook is to help create a cohesive presence across all social media platforms utilized by UAS. These guidelines are applicable to anyone who contributes to the UAS social media accounts.

Mission and Vision

Raise UAS Awareness

UAS’ partners provide exceptional service to the campus community. Our goal is to increase awareness of UAS and our services among the many audiences on campus.

Listen & Engage

Our goal is to be aware of the sentiment towards UAS and our partners, and try to positively influence it. We regularly track conversations about UAS to listen and respond as needed to provide exceptional customer service. We also, whenever possible, elevate our community’s posts about the University using our channels, thereby giving them additional recognition.

Communicate Emergency Alerts

We convey information to our students, faculty, staff and community with important updates as quickly as possible. We specifically use X, Facebook, Instagram, and TikTok to convey real-time information directly from the appropriate partners.
By monitoring keywords we are able to actively listen and provide valuable customer service. Important information and engaging content is typically shared from this platform accompanied by a graphic/video and a link to a website in order to boost its organic reach. During the semester it is common to have 1-4 posts a day. The frequency changes during winter and summer intersessions.

Although daily posts are preferable, it is important to not post content "just to post," as our content is intended to be meaningful and useful.

We utilize Facebook to share aspects of our brand that we are extremely proud of and important announcements. While many current students like our Facebook page, we commonly see more parents and faculty engaging with our content on Facebook. Typically, there should be no more than two posts on Facebook a day from the UAS account due to an algorithm update that favors paid advertisements over organic posts.

UAS uses Instagram to share dynamic visual content that shows many of the day-to-day aspects of UAS. It is with Instagram that we see the most engagement and reach on our posts and giveaways. Text is kept fun and engaging on feed posts, as it is more focused on showcasing UAS and UAlbany campus culture. There are typically 1-2 posts per day on Instagram. Posting frequency changes during winter and summer intersessions when there is less activity on campus.
UAS Channels: (cont.)

Instagram Stories
By tapping into the stories feature, we can post real-time updates with crucial information that can be shared to individual’s or other UAlbany community accounts. Also, Instagram stories have interactive features that make it a useful tool for keeping our audience engaged with trivia, FAQs, and other promotions.

TikTok | @uasalbany
TikTok provides a unique opportunity for UAS to showcase our offerings & services in a fun and creative manner, fostering deeper connections with students while staying relevant in today’s digital landscape. The UAS TikTok was launched in the spring of 2024, our goal is to post 4 to 5 times per week.
General Best Practices

**Conversational:** We do not want to sound like a robot, which can happen when using AI platforms to help generate content. We want our content to sound personable and engaging.

**Accurate:** Posting inaccurate information discredits our credibility. Content must be double-checked for accuracy. Once it is posted, it’s public and some platforms do not allow for edits.

**Valuable:** All posts should have a purpose. We do not want to post content that will appear as spam or irrelevant. Our community will either unfollow or begin to ignore our posts.

**Interactive:** Images and web links increase engagement. Make every effort to link content back to a relevant website, and all images should be eye-catching and relevant to content. (Please see graphics section on pg. 5 for more information). Images must include valuable alt text or include the text in the post for accessibility purposes.

**Timely:** Timing is one of the most important factors that determines the success of a post. Data from each major platform has been assessed to configure the best posting times to further amplify our messaging. For example, Instagram sees the most engagement on posts sent out between 12PM-6PM. (See recommended posting time on pg. 6 for specific posting times).

**Listen:** Listening to our audience helps guide our strategy. If we notice trends on a certain platform we can adjust our strategy. For example, GIFs have become extremely popular on Twitter and memes on Instagram, thus we will make efforts to include these in our posts.

**Active:** Social media is a fast-paced environment. Whether it’s actively listening and responding to content or actively updating our platform with content, we cannot let a page go dormant. Posting frequency recommendations have been established. Please see pg. 6 for more information.
Every effort should be made to size graphics properly for each platform. Each platform will resize pictures to fit their requirements but in doing so, information may get cropped out. Graphics meant for an 8.5x11 flyer or 22x28 poster should not be posted on social media.

If a partner is creating a graphic, ensure that the co-branded UAS logos are included on the image per contract terms. These are available by request from the UAS Marketing & Communications Department. Downloadable UAS logos are available at the following web link: http://www.albany.edu/uas/Logos.php. Other color variations are available.

Please reference the UAS Branding Guidelines for more logo usage available upon request from the UAS Marketing & Communications Dept. and our photo database at https://uasalbany.smugmug.com.

### Platform Photo Size (Pixels)

**Facebook:** 1200x900

**Instagram Square:** 1080x1080

  **Vertical:** 1080x1350

  **Horizontal:** 1080x566

**X:** 1200x675

Publishing Content:

All content must be reviewed by the UAS Marketing & Communications Department before publishing. UAS will schedule and publish all posts unless alternative arrangements have been agreed upon. Content should be compiled on a weekly social media content calendar unless otherwise established.

Typically, posts are scheduled on Thursday for the upcoming week. Therefore, **content should be created and ready for review on Tuesdays**. UAS will provide each partner access to Basecamp, where all proposed social media content should be uploaded for review.

The UAS Marketing & Communications Department will schedule all posts in the management platform, Hootsuite.

**Recommended Posting Times**

To reach the largest audience, we’ve researched optimal posting times for each major social media platform. Urgent/important updates should not be held off from posting to adhere to the recommended posting times. Please keep in mind that during breaks such as winter intersession, there may not be a lot of content that needs to be published. To keep our posts useful and relevant, the posting frequency may be reduced as necessary.

**X**
Post rate: 1-4 posts daily during the week. Weekend posts see less engagement, but may be necessary for important updates.  
**Recommended posting time: M-F, 12PM-4PM**

**Facebook**
Post rate: 1-2 posts daily during the week. Posting daily is not essential if there isn’t enough content to share.  
**Recommended posting time: M-F, 10AM-4PM**

**TikTok**
Post rate: 1-3 posts a week. All days of the week see similar rates of engagement.  
**Recommended posting time: Mon-Sun, 12PM-6PM**

**Instagram**
Post rate: 1-3 posts a week. All days of the week see similar rates of engagement.  
**Recommended posting time: Mon-Sun, 12PM-6PM**
Publishing Content:

Naming Conventions

Serving an academic community, we will make every effort to not use “text slang” in posts. Examples include “u/you, 2/to/too, etc.” Abbreviations are accepted if they are needed to meet certain character limits. UAS, or our partners will never post any offensive content, including but not limited to nudity, obscenities and politics. We will not disparage other schools or departments on campus.

Below are a few key terms specific to our community.

**UAlbany** – not ualbany, u albany, UA, SUNY, or SUNY Albany

**Great Danes** – not Danes

**UAlbany Dining** – not Sodexo

**AcaDamien’s Bookstore** – not University Bookstore, Campus Bookstore, College Bookstore, B&N, Barnes & Noble

**UAlbany ID Card** – not SUNYCard

**ID Card Office** – not SUNYCard Office

**Broadview Branch** – when referring to the physical location to avoid confusion with the Broadview Center and Fitness Center

**CBORD Mobile ID App** – not Mobile ID App, Mobile ID, ID App

**GET Food App** – not GET App, food app, or any other combination
Monitoring Content:

The UAS Marketing & Communications Department monitors posts on each of our platforms and engage as quickly as possible to provide valuable assistance. At no time should a response take longer than a business day. On average, our response time has been less than an hour.

UAS will alert our partners if posts affect them directly. If follow up is needed, UAS will reach back out via private message and attempt to obtain an alternate method of contact (email address or phone number). When responding to feedback from our community it is extremely important to keep it conversational and try to take the conversation offline to direct messaging.

Metrics:

Metrics are assessed each month to review the success rate of posts. At the end of each month, a report is compiled for each platform and will be shared upon request by emailing kobrien20@albany.edu. This report will help guide strategy for the upcoming month.

Key metrics that are assessed:

Followers- The number of people following our accounts and key demographics.

Engagements- The sum of likes and comments received by all posts.

Engagement Rate- The sum of likes and comments received by all posts divided by total number of followers.

Impressions- The number of times your content is displayed in feeds, no matter if it was clicked or not.

Reach- The total number of people who see your content.

Actions- The sum of other actions taken on each post such as messaging, sharing, link clicks, bookmarking, or visiting our profile.

Sentiment- The general sentiment of messages received broken down by positive, negative, and neutral.

Instagram Stories

Overview: May 2023 - May 2024

Stories are a feature within the Instagram app where users can capture and post related images and video content in a slideshow format.

REACH

The number of users that viewed our Instagram stories

194,305 USERS

A closer look - forward taps are good indication that the viewer wants to see the next content in your story. Back taps are the best indicator that you've posted information your viewer finds valuable and they want a second glance at it. Away taps are the best way to find out what content isn’t resonating with your audience. Our numbers demonstrate that most of our content our audience finds relevant.

ACTIONS

The sum of other actions taken on each post such as messaging, sharing, bookmarking, or visiting our profile.
