

Some Streams of Systemic Thought

Developed in 1996 by Dr. Eric Savary, Montréal, Switzerland. Expanded in 1999, including content from the Encyclopedia of General Systems Studies. Elaborated in 2000-2001 from many sources for the International Institute for General Systems Studies. Currently a research project of the IIGSS. The content is the property of the International Institute for General Systems Studies. It is not to be used or reproduced without the written permission of the IIGSS.
